COMMONS WORK TO BRING DISSOLUTION

New Record Set In British Columbia Mineral Production Mine Output For 1929 Valued At Over \$60,000,000

Satisfactory Year of Expansion in Mining Industry in This Province Shows \$3,000,000 Increase in Minerals and Metals and Record Figure of \$13,743,308 Paid Out in Dividends; Imported Fuel Oil Makes Further Inroads in Coal Industry, Says Hon. W. A. McKenzie in Annual Report.

A satisfactory record of continued expansion in the mining industry and a new high record for the gross valuation of metals and minerals produced is noted in the annual report of the Minister of Mines, Hon. W. A. McKenzie, released at the Parliament Buildings to-day.

WIDESPREAD DEVELOPMENT

The gross valuation of metals and minerals produced was \$68,248,443, or nearly \$3,000,000 higher than in 1928. This increased production was accompanied by widespread development and exploration and prospecting were vigorously carried on in many areas. A record figure of \$13,743,308 was paid out in dividends by the mining companies of the province.

The annual report of the Minister of Mines is a complete record of mining operations in the province. It contains detailed statistical figures and exhaustive reports by the resident engineers and mine inspectors, and is compiled by John D. Galloway, Provincial Mineralogist.

Until the last two months of the year, metal and mineral production was at a slightly higher rate, in the aggregate, than in 1928, but curtailment in November and December resulted in decreased yearly output in some of the products of the industry. The explanation of the higher valuation is largely due to the much higher price of copper metal during 1929 and also a slightly higher average price of lead.

The tonnage of metalliferous ores mined in the province during the year was 6,977,881 tons, as compared with 6,241,310 tons in 1928, an increase of 11.5 per cent.

By value, the various products of the mineral industry produced in 1929 are ranked in the following order: Copper, lead, coal, zinc, silver, structural materials, gold, miscellaneous metals and minerals.

The quantity of copper produced was 101,483,857 pounds, which is a new high record and the first time that the output has been in excess of 100,000,000 pounds, the valuation at \$12,375,682 is also a record figure. The output of lead in 1929 was 902,346,868 pounds, only slightly less than in 1928. Owing to a higher market price for lead, the value was more than a million dollars greater than in the preceding year.

Peace River Assured Of Railway Outlet

If C.P.R. and C.N.R. Do Not Make Start Within Year Federal Government Will Take Action, Says Premier King

Canadian Press

Ottawa, May 29.—"In the opinion of the Government," said Premier King, addressing the Commons last night on a railway outlet for the Peace River district, "it ought to be possible for these companies (the C.P.R. and C.N.R.) to agree on a route in six months' time and begin work within a year."

If they did not make a beginning in that time, the Prime Minister continued, then the government would, if the present administration was in power, undertake to find a way of making a railway route from the Peace River district to the Pacific.

J. C. Brady, Conservative, Skeena, asked the Premier if he believed the present opinion of the two railway presidents referred to would lead to a complete solution of the problem of the outlet to the Pacific.

"I said it was desirable the work should be done as a joint undertaking," said the Prime Minister. "Unless some start is made in a year the administration will find a way to have a start made."

KENNEDY AMENDMENT

The Premier's statement was made when the House reverted to the

EX-CLERK OF CITY'S GIVEN PRISON TERM

Vancouver Magistrate Sentences G. Maxwell, Formerly Relief Department Employee

Full Restitution Made; Auditor's Inquiry Is Widened

Vancouver, May 29.—Clifford Maxwell, former chief clerk of the Vancouver City Relief Department, was sentenced to eighteen months' hard labor by magistrate H. C. Shaw in police court this morning. Maxwell pleaded guilty to the theft of \$2,300 of city relief meal tickets and made full restitution before sentence was passed.

G. S. Winkler, care proprietor, who pleaded guilty to paying George G. Ireland, dismissed city relief officer, five per cent. commission on meal tickets, was sentenced to a fine of \$750 or an alternative of six months in jail. Ireland was formally committed to stand trial on two charges of accepting five per cent. commission on meal tickets and with having received gifts of money from F. P. Kennedy, another restaurant proprietor, who will appear in court June 4.

There was a tense moment in the small courtroom when Maxwell appeared for sentence. He had pleaded guilty to the theft of \$2,300 worth of meal tickets from the city. He stood with head bowed as the magistrate pronounced sentence.

It is only right to take into consideration in fixing the sentence all of the actions of the accused, and efforts made toward restitution, and also to take into account the character of the man in the years he has been in service," magistrate Shaw declared.

"Taking everything into consideration, I feel it might be too severe to impose a penitentiary sentence. I will sentence him to one year and a day in the common jail with hard labor."

"I cannot forget he is a man stealing from his employers."

Maxwell took the sentence quietly and was led away to a cell.

CASH AND SECURITIES

Alderman G. C. Miller appeared in court and stated to Magistrate H. C. Shaw that satisfactory restitution had been made by Maxwell, who had been taken to the city \$2,300 in cash and securities.

Mr. Nicholson, defence counsel, asked of Maxwell's previous good character.

RELIEF OFFICER IS ACCUSED BY CONTACTED MAN

G. D. Ireland Instigated Cashing of Meal Tickets, Says Vancouver Ex-Clerk

Vancouver, May 29.—That relief meal tickets at the Wonder Lunch was done at the instigation of George D. Ireland, former Vancouver city relief officer, and he participated in the cash returns from these transactions was the evidence of Clifford Maxwell, Ireland's former assistant, who stands sentenced to eighteen months in prison for theft in this way, when he appeared before the special investigating committee of the city council this forenoon.

Following Maxwell's evidence Corporation Counsel G. E. McCrossan, K. C., declared to the investigating committee he would advise that a charge be laid against Ireland similar to that on which Maxwell was sentenced.

SHARED EQUALLY
Maxwell stated he had never cashed any meal tickets except at the instigation of Ireland. Ireland had participated equally with him in the proceeds of tickets cashed since April, 1929, Maxwell stated. Ireland had been taking tickets from him before he (Maxwell) had begun cashing them, the witness said. He believed Ireland had been cashing meal tickets since 1927 to the extent of about \$200 a month. He estimated Ireland had made \$4,500 from this source since April, 1929.

Maxwell further said that Ireland, accountant, must have known what was going on. He "made" his books balance, he said.

John H. MacCoshin, veteran clerk of the relief department, was recalled to the stand as the first witness.

Plans Lone Hop Across Atlantic

George H. Hutchinson, above, hopes to be the second man to make a solo plane flight across the Atlantic. He is preparing for a journey this summer from Richmond, Va., to Paris by way of New York.

Silver Price Slumps To New Low Record

Commons Passes Bill Ratifying Salmon Treaty

Ottawa, May 29.—The bill to ratify the salmon treaty between Canada and the United States was given third reading and passed in the House of Commons to-day.

ISLAND SENDS LARGE QUOTA TO KAMLOOPS

Radio to Carry Liberal Convention Session To-morrow Night

The feature of the Liberal convention for British Columbia, which will open in Kamloops to-morrow morning, will be the Friday night meeting of the convention which will be broadcast by radio between 8 and 10 o'clock for the benefit of the whole province. Mr. Pattullo will be one of the chief speakers.

The last of the Victoria and Island delegates to the convention left this afternoon.

A. D. Macfarlane, K.C., who heads the Victoria delegation, left yesterday. The Cobble Hill delegation also left yesterday. Headed by Mr. and Mrs. David Ramsay and Mrs. J. M. Beckett, the Saanich delegation left this afternoon. C. H. O'Halloran is leading the Nanaimo delegation. J. D. Quinn, from Ladysmith and Mrs. Macfarlane and J. F. Mesher from Esquimalt.

H. G. Perry, former M.P.P. from Prince George, will deliver one of the feature addresses of the convention. He is now much in the limelight in the interior, as he is the nominee of the Liberal Party for the Cariboo riding in the coming Dominion election.

North Vancouver, the youthful veteran legislator, who, it is rumored, is slated to succeed Hon. J. H. King as British Columbia's representative in the Federal Cabinet, has wired that he will leave the train at Kamloops on his way back from a trip to Scotland.

TO DECIDE LEADERSHIP
A stirring programme for the convention is assured. The main purpose of the gathering, the selection of a permanent provincial leader of the party, will set the stage for an important event.

YOUNG WOMEN TO SPEAK
The three young members of the Twentieth Century Women's Liberal Club of Ottawa, Misses Rose Stewart and Margaret Heenan and Mrs. Douglas Blair, are to have a prominent place on the programme.

WIDER TARIFF POWERS FOR THE U.S. PRESIDENT

Washington, May 29.—The conference on the tariff bill to-day agreed upon a new flexible provision which would broaden considerably the powers of the President and restrict the authority of the tariff commission.

The flexible plan was returned to conference Tuesday.

The only restriction now to be placed on the President which is not in existing law is that he shall not change the commission's findings in proclaiming a rate change.

100 GANDHISTS ATTEMPTING RAID ARE ARRESTED

Dharasana, India, May 29.—One hundred Nationalist volunteers arrived here this forenoon from Bular intent upon raiding the government salt pans. All were arrested and interned at Duntari.

POTATO SALES CONTROL PLAN IS REVIVED

Marketing on B.C. Lower Mainland to Be Directed By Committee

Vancouver, May 29.—Control of potato marketing on the lower mainland under the interior committee of direction has been revived and will become effective within the next few days.

Two months ago the interior committee of direction suddenly announced it had dropped the potato control on the lower mainland, giving as its reason the heavy legal costs that were being incurred in enforcing B.C. Production Control Act.

Those costs, although entailed by the potato growers, became a charge against the interior committee of direction, which is mainly interested in the welfare of the apple producers. A sum of over \$5,000 had been charged up against the apple growers in this way and they naturally objected to paying it since it was the result of legal costs in test cases affecting the validity of the orderly marketing of lower mainland potatoes.

DECIDE BY BALLOT
Since then a ballot has been taken by the growers to ascertain their sentiment for or against control actually was.

One hundred and fifty-eight ballots were returned, of which 12 were in favor of continued control at twenty-eight against. By area, those favoring control represented 1,150 acres, or about half the actual potato acreage, and those opposing, 170 acres.

The large majority favoring control has satisfied the interior committee of direction of the advisability of reviving its operations on the lower mainland, and it has decided to do this.

With that end in view it has appointed R. B. Homenchuk, formerly the committee's representative at Kamloops, to act as its agent at the coast, with head office in Vancouver.

GUILTY PLEA IS ENTERED BY YOUNG WOMAN

Rita Vaughan Given Suspended Sentence in Hospital Robbery Case

Influence Exerted Over Her By Man, Counsel Tells Magistrate Jay

Allegation that Rita Vaughan, former St. Joseph's Hospital stenographer, was influenced by a man in the robbery of \$770 in cash and \$837.45 in cheques belonging to the hospital was made by W. C. Moresby, K.C., who appeared for the young woman in her trial in the City Police Court this morning.

Miss Vaughan changed her plea from "not guilty" to "guilty," and was released on suspended sentence following explanation by counsel that the case had been considered by the Attorney-General's Department, which was agreeable to this procedure.

DISTRESSING CASE

"This is one of the most distressing cases I have ever been a part of to listen to," Mr. Moresby said, "and I believe it was brought about by an influence exerted by a man who possibly had the ability to exercise it."

"The young lady has made full disclosure of the details of the case to officers of the Crown and to counsel. The circumstances would indicate there was no guilty intent at the outset but was the outcome of the influence of the man I have referred to."

"I understand the Attorney-General's Department has indicated it will agree if Your Honor is disposed to allow suspended sentence. I will undertake to make arrangements for her appearance at the trial of the man charged in connection with the affair."

PREFERENCES ARE URGED IN EMPIRE TRADE

Chambers of Commerce Pass Resolution at London Convention

(By George Hamilton, Canadian Press Staff Correspondent)

London, May 29.—Empire business men came to grips to-day with empire preference. With seven dissenting votes, all from the United Kingdom delegation, the Congress of the Empire Chambers of Commerce adopted a resolution reiterating the conviction that wide and well-considered extensions of the system of empire preferences would be found the most effective means of bringing about a greater measure of empire economic cohesion.

At the inception of the debate, J. H. Woods, of Calgary, president of the Canadian Chamber of Commerce, gave the debate a dramatic turn by declaring he did not think the system of preferential tariffs introduced by Canada and accepted by other portions of the empire, "will continue for any great period unless there is reciprocity on the part of the Mother Country."

OPINIONS DIFFER
Subsequent discussion revealed some sharp differences of opinion among the United Kingdom delegates. The vote showed the majority of the British business men favored preferences, but the textile men from the old free-trade areas of Lancashire and Yorkshire stuck to free trade. They urged the necessity of securing cheap raw materials. Other United Kingdom men pressed for a "broader view."

House Speeds Up in Effort to Close Session Before To-morrow Ends and So Fix Polling for July 28, But Some Observers Say August 11 Will Be Date.

NEW METHOD OPENS DOOR TO ELECTORS

Every Facility Possible Given to Victoria Voters to Register

Enumerators Start House Canvass for New List Monday; Finish in Week

Over 100 enumerators who will be named Saturday will start out Monday morning on the work of compiling a complete voters' list of the Victoria electoral district in preparation for the forthcoming federal election which is anticipated will be held late in July. Oak Bay is not included in the Victoria district.

SIMPLE ARRANGEMENT

Under the arrangements in force this year every facility is given for voters to get on the list with a minimum of trouble, and it is expected the registration will be over 20,000. The proceedings are as simple as it is possible to make them. Enumerators working in pairs to cover the eighty-three precincts, will start calling at every house in Victoria on Monday morning, and it is expected it will take a week to complete their work. At each house they will take the name of every resident who is a British subject, twenty-one years of age and who has resided in Canada one year. The list of all so qualified may be given by the person in the house at the time the enumerators call. Signatures are not necessary.

Original and duplicate lists will be made by the enumerators. The original list which will be handed to the household, will show that all included on the list are registered voters. It will be the check on the duplicates which will be turned in to the returning officer, H. E. A. Courtney.

LISTS MAY BE LEFT

To further make sure that every voter gets on the list, arrangements have been made to meet those cases where no one may be home when the enumerators call. Residents are asked in such cases to leave a list of all those in the house eligible to vote, giving full names and occupations, and leave it in a prominent position on the inside of the door. The enumerators will make their copies from the list, putting the original under the door to show that they have made the record in the case of apartment and rooming houses the residents are asked to write their full names and occupations on a slip of paper and leave them with the person in charge of the house so that they can be handed to the enumerators when they call.

BROWNLEE NOT IN POLITICAL FEDERAL FIELD

Premier of Alberta Says Rumors He Will Join King Cabinet Untrue

Edmonton, May 29.—Definite denial is given by Premier Brownlee of Alberta to a political rumor which said he was likely to enter the federal field as a minister in the King Cabinet. The Farmer Premier issued the following statement:

"As a result of certain articles in the eastern press I understand a rumor is being freely circulated throughout the province that I will enter the Dominion Government as a minister immediately following the provincial election. These rumors are entirely untrue. I have had no invitation to join the Dominion Government and have no thought of any such move. My political future is in the hands of those with whom I have been associated for so many years."

The Alberta general election is set for June 19.

SHAMROCK V. WINS RACE ON ISLE OF WIGHT COURSE

Ryde, Isle of Wight, Eng., May 29.—The Shamrock V won her race to-day over a course of forty-six nautical miles. Sir Thomas Lipton's challenger for the America's Cup finished the sail in 3 hours 38 minutes 35 seconds. The Cambria took second place and White Heather third.

The race was sailed under the same conditions as that of yesterday, with the Shamrock V one of the scratch boats.

TWO MEN ARE TRACED AFTER FIRE LOSSES

Marshal Takes Action Following \$100,000 Blaze at Mills in South Vancouver

Pile of Papers Partly Burned Found Near Ashes of Lumber

Vancouver, May 29.—Fires which caused damage exceeding \$100,000 to three mills on the Fraser River early yesterday morning are believed by provincial fire Marshal J. A. Thomas to have been of incendiary origin.

Two men are suspected and a careful check is being made of their actions. They are said to have been seen near the mills just before the outbreak.

The fire is believed to have started in a pile of lumber at the Dominion Mills Limited and nearby was found a pile of papers, apparently ignited.

BIG NEW GAS PLANT PLANNED IN VANCOUVER

Start Now Being Made on First Unit of System

Vancouver, May 29.—Construction of the first unit of a coal gas plant here, which, completed, will have a total capacity of 25,000,000 cubic feet, will be undertaken in the near future by the B.C. Electric Power and Gas Co. Limited.

The first unit will have a capacity of 3,000,000 cubic feet and will be built at a cost of \$750,000 on the old Royal City Mills property, south of the Victoria viaduct.

The company for the plant, will leave for England to-day to place the order for the first unit. It is expected to be completed by the autumn of 1931.

On the same property the company last year completed the gigantic gas holder, which will be joined eventually by another holder and a purifier, scrubbing and ammonia extraction plant.

EDUCATION TO ADD TO TRADE OF THE EMPIRE

Hon. F. Carrel of Quebec Makes Suggestion in Speech in London

Canadian Press
 London, May 29.—Expounding a doctrine of commercial education, outside of politics, for increasing trade within the British Empire, with the aid of the press, platform and talking film, Hon. Frank Carrel, a member of the Legislative Council of Quebec and publisher of the Quebec Chronicle-Telegraph, addressed the British Empire League at luncheon here to-day.

Mr. Carrel described himself as "simply a free and independent lance" speaking on a subject he believed to be of vital importance to the future of the Empire.

Mr. Carrel said from one end of the empire to the other there was not a discordant note in the earnest desire that all parts of the empire should join together to find a sane, logical and approved plan for uniting the empire's industrial life without interfering with the respective autonomy of each unit.

Mr. Carrel said from one end of the empire to the other there was not a discordant note in the earnest desire that all parts of the empire should join together to find a sane, logical and approved plan for uniting the empire's industrial life without interfering with the respective autonomy of each unit.

RENEW INTERNATIONAL FRIENDSHIP

Two of the world's foremost industrial captains renewed a warm friendship the other day when C. W. Nash, president of the Nash Motors Company, was host in Nash headquarters at Kenosha, Wis., to Ivar Kreuger, leader of the Swedish match industry, and head of the \$350,000,000 company of Kreuger and Toll. The United States automobile leader was a guest of Mr. Kreuger during a recent visit to Stockholm, and the two industrialists have found many interests in common in the operation of their international organization.

MINE OUTPUT FOR 1929 VALUED AT OVER \$60,000,000

(Continued From Page 1)

fuel consumption in the province, but shows the further increase being made in the provincial coal industry by the use of the tariff weapon in its budget, increasing the customs duties on United States goods coming into the country and giving further preference to British goods.

The sale of British goods in Canada did not so much hinge upon a tariff as upon the methods employed in selling them, Mr. Carrel said. The same applied to the sale in empire markets in Canadian manufactured goods of agricultural produce. Canada's increased tariff would probably drive more United States branch factories into Canada, to take advantage of her reciprocal and free trade agreements. These branches would naturally compete as they were doing now, with British factories.

The production of gold in 1929 amounted to \$2,004,419 as compared with \$3,888,097 in 1928, a decrease of 22.7 per cent. The decrease was mainly caused by a lower production from the Premier.

Placer-gold output also decreased, the value being recorded at \$18,711, as compared with \$149,206 in 1928—a decline of 17.1 per cent.

Structural materials produced in 1929 were valued at \$3,921,768, an increase as compared with 1928 of \$513,089, or fifteen per cent. This shows clearly that building activity continued to increase throughout the province. The larger part of the output of structural materials is made in the western district (southern coast) and the principal market is in the coast cities.

OUTPUT DOUBLED
 The output of miscellaneous metals and minerals continued to show in 1929 the rapid growth that has characterized this branch of the industry in recent years. A value of \$1,773,845 was recorded for 1929, as compared with \$892,354 in 1928 and \$514 in 1927. The output has therefore been approximately doubled in each of the last two years. Continued expansion of this branch of the industry may be expected, as there are many deposits of such materials that will gradually be utilized in provincial industries.

The outlook for 1930 is that probable declines in the production of silver, zinc and coal will be compensated by larger output of other metals and minerals—at least in part. With present conditions, however, it is not to be expected that 1930 will set a new record for production, but an output close to that of recent years should easily be attained.

The production figures are shown in the following table with comparative figures for 1928 and 1927.

Description	Quantity	Value	Quantity	Value
Gold, placer (ounces)	6,428	\$12,300	6,223	\$11,811
Gold, lode (ounces)	118,087	\$2,388,097	145,339	\$3,004,419
Silver (ounces)	10,627,167	\$1,824,461	9,918,600	\$2,526,370
Copper (pounds)	97,908,316	\$1,255,242	101,483,887	\$1,375,692
Lead (pounds)	305,140,792	\$3,961,412	302,346,268	\$3,260,498
Zinc (pounds)	181,783,147	\$9,844,613	172,098,841	\$9,268,792
Coal (tons, 2,240 pounds)	2,526,702	\$2,639,510	2,251,362	\$1,256,380
Structural materials		\$4,086,686		\$3,921,768
Miscellaneous metals and minerals		\$95,354		\$1,773,845
Totals		\$45,372,593		\$48,245,443

PROSPECTING ACTIVE
 Prospecting was active and some notably important new discoveries were made, particularly the Manville group in the Taku River section.

While doubt is not freely expressed regarding mining because of low metal prices closing down some producing mines, the Minister points out that the main operations of the province are proceeding as usual, that prospecting, scouting and development will be active in the 1930 season and these are much that is cheering in the continued expansion of the Council of the Empire. A vast new chemical fertilizer industry is rapidly nearing completion at this company's plant at Trail coupled with extensive hydro-electric development. The past thirty years has shown that mining in British Columbia has steadily increased regardless of market conditions and of other adverse features, and continued expansion is to be expected.

AMY JOHNSON CRASHES PLANE AT BRISBANE

Escapes Injury and Will Fly Machine to Sydney, N.S.W., When Repaired

Canadian Press
 Brisbane, Queensland, May 29.—Miss Amy Johnson, who flew from England to Australia without a mishap of consequence, crashed on her plane at the Eagle Farm aerodrome this afternoon while en route from Port Darwin, North Australia, to Sydney. She was not injured.

The plane, carried by a cross wind over the edge of the aerodrome, hit a fence and turned turtle. Miss Johnson, who is twenty-three years old, has golden hair and a pretty smile, was thrown clear of the machine, but beyond a shaking up was not hurt.

WINGS CRUMPLED
 The propeller of the plane snapped off and both its wings crumpled, but the under-carriage was not damaged. It will be repaired as quickly as possible to enable her to continue her flight to the southern states.

A large crowd which had gathered to greet her cheered vociferously as she was driven to the hangar and proceeded to the city. Previously at Toowoomba 5,000 people greeting her had presented her with a purse of £100 (about \$500). Three planes piloted by women escorted her from Toowoomba to Brisbane.

CHIEFS FROM CROWD
 Thousands crashed through the police lines shouting and cheering when they saw what happened to Miss Johnson's plane. When they saw her get to her feet, uninjured, their screams gave way to cheers. Mechanics and police quickly formed a cordon about the damaged machine and protected it from the crowd.

Sir T. Goodwin was the first to render assistance to the girl. "Are you hurt?" he asked. She shook her head and said: "I am more worried about my machine," explaining she had landed at too great a speed.

After a brief rest in the hangar she was driven, flushed and smiling around the aerodrome waving her thanks for the tumultuous reception. Thereafter she proceeded in a procession through the city streets lined by other thousands many of whom were not aware of the mishap at her landing.

It is a rare privilege to be able to return to Victoria after an absence of many years. An old time resident, now in his seventy-third year, has again returned his annual pilgrimage to the shrine of "The Pearl of Vancouver Island." Lieutenant-Commander Wm. P. Lindley, retired U.S.N., dropped into the Times editorial rooms to-day to again mingle with the activities of newspaper work.

Back in 1898 Commander Lindley was a reporter on the Times when it first started under the management of the late John McLean and William Templeman. He sees a great difference in the Times, but still says Victoria is as attractive as ever, though of course great improvements are noticeable everywhere.

Most of the old landmarks are gone. James Bay Bridge, the old houses of parliament, "Campbell's Corner," and many of the localities dear to memories of the past, are gone, but the charm of Victoria still remains. In fact, Commander Lindley says, if one ever lives here for a few years, there is always the urge to return. The same delightful climate, beautiful scenery, quiet but dignified homes shaded by deep green shrubbery make the same charm as of old. And the people, too, while not quite so easy-going as in years gone by, are of a solid and hospitable sort, full of genuine human kindness.

Commander Lindley is accompanied by Mrs. Lindley, whom he met in the Antipodes and who has been here as his bride in 1896. She, like her husband, is very fond of Victoria. Both are staying for a few days with their old friends, Mr. and Mrs. Charles P. Gardiner, Fairfield Road. They are enjoying every hour by re-traversing the many drives and scenic routes in and around Victoria.

Commander Lindley said, though he missed last summer's visit, he felt he had to make it this year, and will return as often as he can.

The veterans' naval officer and ex-newspaper man spoke very highly of the increase in Victoria's circulation and said in the old days a four-page sheet was put out, and circulation was not very large, the edition being run off on an old style single cylinder press, with type set by hand. Now a modern newspaper, with latest mechanical adjuncts tends to keep the Times abreast of metropolitan papers.

On Monday next the Quality Press will be open for business at 553 Yates Street, corner of Yates and Langley Streets, in the premises formerly occupied by the Vancouver Island Bookshop. The Quality Press, reorganized less than six years ago, has made rapid progress under the present ownership. Machinery of the latest type has been installed in the new premises, which are much better than those usually occupied by printing establishments.

The owners of the business are A. Lindner and B. Crutchank, the former being connected with Crane Ltd. in Alberta before locating in Victoria several years ago. Mr. Crutchank has been identified with the printing business in Victoria from his earliest days and is a native son. The present staff

ELECTIONS ACT IS APPROVED BY THE SENATE

Ottawa, May 29.—The Senate yesterday gave third reading to the amended Elections Act and amendments to the Income Tax Act, the War Revenue Act, setting up a new schedule of stock transfer taxes and cutting the sales tax in two, and amendments to customs tariff set forth in the budget.

Ontario nominations just made are: East Middlesex, Lieut.-Col. Duncan G. Ross, V.C. Liberal. South Huron, Thomas McMillan, M.P. Liberal. South Bruce, Foster Moffat, Conservative. East Algoma, George B. Nicholson, Conservative.

AUTO DUTIES

Ottawa, May 29.—No change in the regulations respecting duties on automobiles imported by dealers is being announced as yet by the government.

Hon. W. D. Euler, Minister of National Revenue, declined to-day to make any further comment than this on a dispatch from Windsor to the effect that the discount allowed dealers on the retail prices of imported cars in competition with the value for duty would be reduced from 25 to 15 per cent.

OLD RESIDENT IS STILL ATTRACTED BY CITY'S CHARM

Lieut.-Commander W. P. Lindley, Former Newspaperman Here, Is Visitor

It is a rare privilege to be able to return to Victoria after an absence of many years. An old time resident, now in his seventy-third year, has again returned his annual pilgrimage to the shrine of "The Pearl of Vancouver Island." Lieutenant-Commander Wm. P. Lindley, retired U.S.N., dropped into the Times editorial rooms to-day to again mingle with the activities of newspaper work.

Back in 1898 Commander Lindley was a reporter on the Times when it first started under the management of the late John McLean and William Templeman. He sees a great difference in the Times, but still says Victoria is as attractive as ever, though of course great improvements are noticeable everywhere.

Most of the old landmarks are gone. James Bay Bridge, the old houses of parliament, "Campbell's Corner," and many of the localities dear to memories of the past, are gone, but the charm of Victoria still remains. In fact, Commander Lindley says, if one ever lives here for a few years, there is always the urge to return. The same delightful climate, beautiful scenery, quiet but dignified homes shaded by deep green shrubbery make the same charm as of old. And the people, too, while not quite so easy-going as in years gone by, are of a solid and hospitable sort, full of genuine human kindness.

Commander Lindley is accompanied by Mrs. Lindley, whom he met in the Antipodes and who has been here as his bride in 1896. She, like her husband, is very fond of Victoria. Both are staying for a few days with their old friends, Mr. and Mrs. Charles P. Gardiner, Fairfield Road. They are enjoying every hour by re-traversing the many drives and scenic routes in and around Victoria.

Commander Lindley said, though he missed last summer's visit, he felt he had to make it this year, and will return as often as he can.

The veterans' naval officer and ex-newspaper man spoke very highly of the increase in Victoria's circulation and said in the old days a four-page sheet was put out, and circulation was not very large, the edition being run off on an old style single cylinder press, with type set by hand. Now a modern newspaper, with latest mechanical adjuncts tends to keep the Times abreast of metropolitan papers.

On Monday next the Quality Press will be open for business at 553 Yates Street, corner of Yates and Langley Streets, in the premises formerly occupied by the Vancouver Island Bookshop. has been with the firm for many years. An invitation is extended to all interested to visit this new plant.

Generous Curves Are Still Out of Fashion Picture

Latest news from the Ziegfeld front that girls must be 125 pounds for their five feet six inches and brunettes. That little item came out of Hollywood, where all that greets the eye is blonde—stare, peroxide, hennaed or natural, but blonde. Proving, perhaps, that a whole community of blondes gives rise to a yen for a good brunette.

But about the weight clause in a "Polles" contract. It's a nice weight for five feet six. The standard weight charts for girls of Polles age are from three to five and six pounds more generous. So, though Mr. Ziegfeld is reported as advocating curves, they're still the curves that don't protrude.

That means that we've got to be up and at 'em again if ours are of the protruding variety.

Heavy about making your attack on flesh from a new angle? We are (or should be) getting wiser all the time about reducing. Some of us are fleshy from head to foot. This calls for dieting with some exercise, the latter not strenuous if the flesh weight is great. Some run to fat about the shoulders and arms, the rest being well proportioned. Now, this type could do better for herself with the sort of exercise prescribed for arm work only.

Large hips and thighs comprise another group that needs to investigate what exercise would be best for the individual case. Some run to large calves and ankles only, and while this is the hardest superfluous flesh to beat off, it can be done with specially prescribed leg movements.

Large double chins usually go with a large all-over body. But sometimes there'll be a double chin without excess fat anywhere else. This chin can be lifted off with a few determined weeks of head movements. If you are in doubt as to what to do in an exercise way under any of the named plump circumstances, huckle along to your "beauty doctor," and she will prescribe the proper exercises gladly.

TO GIVE RECITAL

MRS. T. H. JOHNS

is rapidly becoming one of Victoria's outstanding young singers and the forthcoming recital, in which she will appear, together with Miss Morton, pianist, in the Shrine Auditorium on Monday, June 2, is being anticipated with great pleasure by many music lovers in the city. Mrs. Johns has been a pupil of Mr. Gideon Hicks for the past three years and during that time has made remarkable progress, developing a full rich soprano voice of warm color and an exceptionally wide range.

BRITISH MOVE TO SELL AUTOS IN DOMINIONS

Manufacturers Plan to Establish Assembling Plants in Canada

D. GEORGE HAMBLETON
 Canadian Press Staff Correspondent
 London, May 29.—British automobile manufacturers are preparing to invade the Canadian market. They propose the establishment in Canada of assembling and manufacturing plants, backed by aggressive salesmanship. This was brought out in private discussion between British and Canadian delegates attending the congress of the Empire Chambers of Commerce here to-day when what was described as United States dominance of the Canadian automobile market was among the subjects explored.

Canadian delegates submitted three principal points:

1.—That Britain should imitate the example of the United States by providing as far as possible for manufacturing plants in Canada and that the most effective way of meeting foreign competition in Canada was for British manufacturers to take their courage in their hands and put up manufacturing plants in Canada.

2.—The necessity of having in Canada centres for assembling where organizations could be developed for the provision of spare parts.

3.—The necessity of more aggressive salesmanship.

Reporting to the congress this afternoon, P. J. Hannon, chairman of bilateral discussions, said he had received from British motor manufacturers a letter in which they said they were prepared by co-ordination and co-operation to make a really concentrated attack upon Canada through more highly organized methods of advertising and publicity.

Madam:- Handsome Gifts are Yours with Quaker Corn Flakes Coupons

A fountain pen that adds the finishing touch to your handbag. You would welcome either the pen or the handbag as a personal gift. You can get both with the coupons which you find in Quaker Corn Flakes packages.

Either a matinee bag with purse and mirror or a generous Boston shopping bag. And, if you prefer, the pen may be a full sized pocket pen.

And at the same time, you will get the best flavoured corn flakes—every package bears our offer to refund the purchase price if you do not agree that Quaker Corn Flakes are the best flavoured you have ever used.

Just the crispest and most delicious, too. Because Quaker Corn Flakes are triple-sealed and wax-wrapped, all of the original crispness and flavour are preserved for you.

Write for the handsome Quaker Premium Book. It offers more than 100 gifts of usefulness and beauty. Things you have often wanted. You can get them with the coupons which are in every Quaker cereal package. See the list of cereals on the coupon.

Get Quaker Corn Flakes tomorrow. Use the other Quaker cereals, too. Save the coupons, and soon you will have enough to get some of the handsome and useful premiums we give to users of Quaker cereals. THE QUAKER OATS COMPANY, SASKATOON, SASK.

Tried it Yet?

THE WHOLE PACIFIC COAST IS SWITCHING TO THIS NEW HIGH COMPRESSION OIL THAT GIVES 200 EXTRA MILES OF LUBRICATION

SUPER quality at a fair price is making MOTORITE the most widely used motor oil in this community.

MOTORITE is, first of all, **super oily** or extra slippery. Thus it minimizes friction and guarantees smoother operation.

Next, it has the ability to **cling tightly** to metal. This enables it to form a perfect seal between piston and cylinder wall to resist the intense pressure developed by gas explosions above. **Maximum power** is the result.

And MOTORITE is equally efficient at **all working temperatures**. As the engine warms and the metal parts expand MOTORITE automatically adjusts its viscosity in just the proper ratio to assure 100% perfect lubrication.

A fourth advantage is its great capacity for giving up and carrying away heat. This feature assures cool bearings and is noticed particularly when traveling long distances at sustained high speeds.

No Hard Carbon

The small amount of carbon deposited by MOTORITE is soft and fluffy, much unlike the hard, gritty carbon, common to many oils.

And finally MOTORITE is strictly non-acid—no possibility of corroding the metal of your motor.

These six advantages guarantee you longer service from your oil. Now, with MOTORITE you can drain at 200 miles farther than you have been in the habit of doing.

Don't miss this extra 200 miles. Specify MOTORITE on your next refill.

TRAIN STRIKES OPEN SWITCH AT HIGH SPEED

Engineer and Fireman of Passenger Train Killed in Wreck in Michigan

Flint, Mich., May 29.—The Montreal-Chicago Intercity Limited passenger train on the Grand Trunk Railway ran into an open switch at Belsay, east of here yesterday afternoon while traveling sixty to sixty-five miles an hour. The engineer and fireman were killed and five were injured. No passengers were hurt seriously.

Engineer Arthur Morden and Fireman Clyde Pierce, both of Battle Creek, lost their lives. The train ran into the open switch after a freight engine had passed. Engineer Morden is believed to have seen the switch and thrown his emergency brakes, leaping from the cab. He was caught in the wreckage of the locomotive and Pierce was crushed between the locomotive and a tender. Eight cars and the locomotive left the tracks. Witnesses said the huge locomotive appeared to leap into the air as it struck the switch, then rolled over, pulling the cars with it. There were eleven cars in the train.

SUBSIDY PLANS FOR PROVINCES ARE EXPLAINED

Ottawa, May 29.—Information on money to be paid by the federal government to provinces was given the House of Commons yesterday by Hon. C. A. Dunning, Minister of Finance, in reply to questions from P. S. Bower, Liberal, South Perth, Ont. It set out the amounts which will be paid to the western provinces by way of subsidies after the agreements with the prairie provinces for the transfer of the natural resources and the agreement with British Columbia for the transfer of the Railway Belt and the Peace River Block shall have come into effect. The payments will increase according to the population of the provinces.

British Columbia on its present population will receive an annual grant of \$736,816.66. This per capita grant will increase as the population increases.

On the basis of the present population Manitoba will receive \$1,662,094.18 annually. When the population reaches 800,000 this will increase to \$1,591,564.18 and when the population reaches 1,200,000 there will have been a further increase to \$2,686,584.18. In the intervening years the total payment will vary according to the population.

Alberta Payments The subsidy to Alberta at present will be \$1,670,485. When the population reaches 800,000 it will be \$2,015,378 and when it reaches 1,200,000 it will be \$2,710,378. The annual subsidy to Saskatchewan on the basis of the present population of 259,900 will be \$2,093,256. When the population reaches 1,200,000 the subsidy will have increased to \$2,710,378.

WITCHCRAFT IS LECTURE THEME

Port Alberni, May 29.—Members of the Alberni branch of the National Defence Department held their regular fortnightly meeting at the home of George Harris at North Park on Monday evening, when Miss S. Brown was the special speaker on the interesting address on "Witchcraft" was followed by discussions and questions. A social hour followed the business session and refreshments were served by Mrs. I. Harris.

OTTAWA PILOT'S STUNTS LEAD TO INVESTIGATION

Officials Suspend Flier's Permit After Alarming Manoeuvres

Ottawa, May 29.—Frenzied aerobatics are charged against Roy A. MacDonell, local private pilot, who last night was temporarily suspended from all flying. 70-day officials of the civil aviation branch of the National Defence Department, who control all civil flying in Canada, are investigating complaints.

Low flying over houses, tops, repeated sweeping down over city streets and other alarming manoeuvres were described by citizens in the southern part of the city, whose evidence will be heard. Complaints poured into the officials of the government branch last evening when residents became alarmed at the plane's movements. Breach of air regulations constitutes an indictable offence, punishable by a

Ladysmith

The Ladies' Altar Society of St. Mary's Church held a whist drive on Monday evening in the Convent Hall. Nine tables were in play and the prizes were awarded as follows: Ladies, first, Mrs. A. Robertson; second, Mrs. A. De Girolamo; gentlemen, first, F. Spineto; second, Mrs. Mall (substitute). After the games refreshments were served. Mrs. W. J. Moore and daughter Beverly of Victoria are guests of Mr. and Mrs. A. A. Moore. Miss Eleanor Dinale of Victoria is the guest of Miss Dorothy Reid. Mr. and Mrs. E. Lowe and son Edwin spent the week-end with relatives in Courtenay.

Boy at Play With Others Drowned And Inquiry Follows

Toronto, May 29.—Shortly after William Trace had reported to police last night, he had seen a number of boys push another youth into the bay at the foot of Jarvis Street during a playful scuffle, life savers recovered the body of a boy, twenty feet out from the wharf. The drowned youth, identified as Harold Fedorchuk, fourteen, had been playing with the others as "cowboys" at the time of the tragedy, police said. Around his waist was strapped a holster. No trace has been found of the lads with whom he had been playing.

Clauses Are Added To Criminal Code

Publication of Race Track Betting Tips Barred; Jail Penalties For Intoxicated Auto Drivers

Ottawa, May 29.—The House of Commons last night gave third reading to a bill amending the Criminal Code. Some of the alterations in the code, sponsored by Hon. Ernest Lapointe, Minister of Justice, were discussed at some length before they were approved. Sections respecting the sale of firearms and the licensing of users of such weapons, sent over from the Senate, were withdrawn.

The clause dealing with the publication of information regarding race track betting odds called forth a discussion. The adopted amendment makes it an offence under the code to advertise or offer to sell or supply, other than on the premises of an association lawfully conducting race meetings in Canada, and during the actual progress of a race meeting thereon, any tips, selections, odds, winning money prices, parimutuel payments or any similar intelligence with respect to or applicable to any horse race, whether such race be held within or without the Dominion of Canada, and whether at the time of advertising, printing, publishing, exhibiting, posting up or supply such news or information such race has or has not taken place.

GEARY'S VIEWS Lieut.-Col. G. R. Geary, Conservative member for Toronto South, felt the section indicated an effort to make people "too good."

Under the bill, he said, if a person was inside a race track he could be supplied with the information on betting; but if he stood outside, it would be illegal for him to secure that information through any publication. Race track betting had been endorsed by Parliament, and the provinces themselves took fees from the pari-mutuels. Mr. Lapointe informed the House the clause was aimed particularly at bookmakers. It would make it much more difficult to carry on hand-bookmaking, he said.

RULES FOR BROKERS An amendment affecting stock brokers recommended by the recent conference of attorneys-general of the provinces was approved.

J. E. Lawrence, Conservative, West York, Ont., said the section would have the effect of prohibiting directors, officers and employees of brokerage companies from selling stock short. "This would be a hardship on officials of large companies which had many branches," he thought.

INTOXICATED DRIVERS An amendment directed against intoxicated automobile drivers was passed.

R. B. Hanson, Conservative, York, Sudbury, N.B., thought the amendment too harsh for first offence convictions. The amendment provides a penalty upon indictment and conviction for a

first offence of imprisonment not exceeding three months and not less than thirty days.

After all the government amendments had been passed, W. T. Lucas, U.F.A., Camrose, suggested an amendment to prohibit games of chance at agricultural fairs.

Mr. Lapointe said this provision had been inserted in the code at the request of agricultural representatives. Mr. Lucas said that if country fairs were permitted to run games of chance, fraternal and benevolent organizations should also be allowed the privilege.

Agricultural fairs, he said, were for the purpose of instructing farmers in agricultural methods. Instead of watching the judging of stock and deriving benefit from the fair, however, farmers and farmers' sons spent their time at the games.

The amendment, introduced by Hon. Ernest Lapointe, Minister of Justice, would have affected the provision in the code which makes it an offence to neglect to supply the necessities of life, including medical attention, to persons unable to care for themselves. Persons believing in the cure of human ailments by prayer or other spiritual means would have been exempted from the operation of this provision.

The chief objection to the amendment was that it would have permitted children who were unable to judge for themselves to be denied medical attention.

File sufferers can only get quick, safe and lasting relief by removing the cause—bad blood circulation in the lower bowel. Cutting and aches can't do this—an internal remedy must be used. HEM-ROID, the prescription of Dr. J. E. Leitch, succeeds, because it removes the cause of congestion and strengthens the affected parts.

HEM-ROID tablets as sold by druggists everywhere, have such a wonderful record for quick and lasting relief, that MacFarlane and Vancouver Drug Stores always sell them with guarantee of money-back if they do not end all File suffering. (Adv.)

period from 1927 to the present time. The three men said, according to the police that they were not afraid of the auditors, guilty consciences leading to their confession.

"We never got a nickel of the money. The stock brokers got it all," they are reported to have told the police.

A dollar watch factory has been opened in Russia. It is likely the product will be advertised on the basis of the number of revolutions it can make.

Ottawa, May 29.—Men in the House of Commons last night opposed a proposed amendment to the Criminal Code designed to remove restrictions from the practice of faith healing, and after a short debate the amendment was withdrawn.

The amendment, introduced by Hon. Ernest Lapointe, Minister of Justice, would have affected the provision in the code which makes it an offence to neglect to supply the necessities of life, including medical attention, to persons unable to care for themselves. Persons believing in the cure of human ailments by prayer or other spiritual means would have been exempted from the operation of this provision.

The chief objection to the amendment was that it would have permitted children who were unable to judge for themselves to be denied medical attention.

File sufferers can only get quick, safe and lasting relief by removing the cause—bad blood circulation in the lower bowel. Cutting and aches can't do this—an internal remedy must be used. HEM-ROID, the prescription of Dr. J. E. Leitch, succeeds, because it removes the cause of congestion and strengthens the affected parts.

HEM-ROID tablets as sold by druggists everywhere, have such a wonderful record for quick and lasting relief, that MacFarlane and Vancouver Drug Stores always sell them with guarantee of money-back if they do not end all File suffering. (Adv.)

"Ordinary soaps may cause serious irritation"

soaps LINA CAVALIERI
celebrated Paris beauty
specialist.

"I always recommend Palmolive Soap... for a very good reason. I have found that the vegetable oils of which Palmolive is made are safe, soothing, healthy for the skin."

Lina Cavallieri
61, AVENUE VICTOR
EMMANUEL III, PARIS.

Every skin needs the deep cleansing which only vegetable oils of palm and olive can give. These cosmetic oils have been famous as beautifiers since Cleopatra's day.

"ORDINARY soaps," says Madame Cavallieri, "may cause serious irritation. If you have the mistaken notion that soap may harm your skin, it is because you are not using the right soap. Next time try Palmolive. I heartily advise it... to keep skin smooth and lovely."

Lina Cavallieri's expert advice

In her sumptuous salon on the Avenue Victor Emmanuel III, Lina Cavallieri advises her fastidious patrons to follow a simple home beauty treatment with a soap blended of palm and olive oils.

"Before retiring," says Madame Cavallieri, "wash with Palmolive. Then I advise the use of my camphorated jelly No. 5, which should be applied over the face and neck. When slightly dried a little powder should be added and the preparation may remain on all night. In the morning, cleanse the skin thoroughly with Palmolive Soap

10c per cake

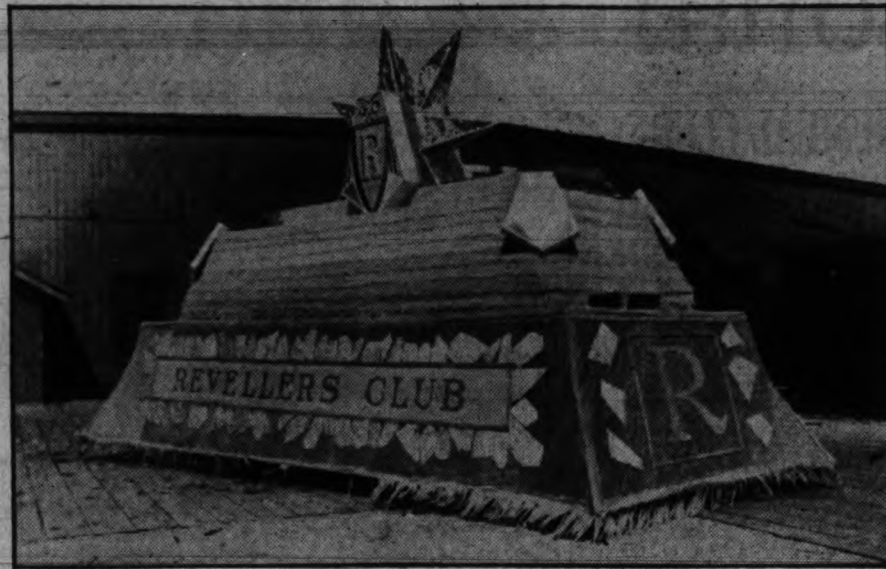

and then use my 'Lotion Onctueuse' No. 7—afterwards applying my Cream No. 2. By following this simple treatment you will keep that schoolgirl complexion."

Beware of irritation

So many soaps irritate while they cleanse. They are apt to roughen the texture of the skin and spoil its delicate coloring. Palmolive is a pure vegetable oil soap. Its color, its odor, its very feeling is that of nature's great cosmetic oils. It cleanses safely, beautifies easily.

Lina Cavallieri is one of a great international group of beauty specialists who have discovered the facts about Palmolive for themselves, and who now tell their patrons to use this soap in preference to any other. Today, there are over 19,813 such experts. Think of that! Thousands and thousands of those whose advice is sought and paid for by women in many countries, voluntarily proclaim Palmolive best. You will like Palmolive. You will be using it soon for the bath, too, since it costs even less than quite ordinary soaps. Follow Madame Cavallieri's advice. Begin this very day.

TAKES AWARD IN MAY 24 PARADE

This simple but impressive float entered by the Revellers' Club in the service club section of the Victoria Day procession, drew favorable comment, winning one of the prizes in its class.

AT THE THEATRES

TALLULA BANKHEAD STARS IN FILM ON COLUMBIA SCREEN

"His House in Order," now showing at the Columbia Theatre, is a society drama, with a theme that always appeals to men and women alike. It tells of a man whose wife—a woman, apparently, of sterling virtue—dies. The man marries the governess to his only child—a person of more light-hearted temperament and less rigid devotion to copy-book conventions. She becomes at once the victim of invidious comparison with the first wife, particularly on the part of the dead woman's relatives, who still retain a certain influence over husband.

Miss Tallulah Bankhead heads a cast of extreme brilliance. In her sensational rise to fame this is her first really important effort in the "pictures." As the second wife of the story she has full scope for her vivid character acting, lively personality and emotional power.

FIVE COUNTRIES REPRESENTED IN "DR. FU MANCHU"

Five countries are represented in the leading roles of Paramount's oriental mystery thriller, "The Mysterious Dr. Fu Manchu," all-taking showing at the Coliseum Theatre to-day. Representatives of a dozen more nations appear as bit and extra players in the production. Warner Oland, who plays the title role, was born in Sweden. O. P. Heggie, a Scotland Yard inspector, is a native of Australia. Jean Arthur and Neil Hamilton, the wheelman and father of Scotland Yard detective, is an Englishman. Among the extra players are French, German, Japanese, Chinese, Russian, East Indian, Hindoo, Italian, Spanish, Australian, Persian, Danish and others. Hollywood's extra ranks provided all the nationalities and types needed without difficulty.

PUNCHES FOR STAR IN "CITY GIRL" AT THE PLAYHOUSE

Screen realism often exacts its toll of pain from film players. Mary Duncan is ready to attest the truth of this. It was proven to her while making a dramatic sequence in the Fox Movietone talking picture, "City Girl," the Playhouse Theatre's present attraction. The script calls for David Torrence, the wheelman and father of Scotland Yard detective, to strike Miss Duncan when Farrell brings her home as his bride. The father, feeling she has tricked his son into marrying her, takes her to task, and she, not being used to having anyone talk to her like that, matches the father's vitriolic remarks.

DIRECTOR BROUGHT TO HOLLYWOOD FOR CAPITOL PICTURE

Jack Haskell noted dance director who staged ensembles for the stage production of "Song of the Flame," was brought to Hollywood by First National to direct dances for the screen version of the operetta, which is at the Capitol Theatre all this week. In the lavish Vitaphone and all-talking color film, Haskell had nearly 500 dancers to take part in his intricate and spectacular ensembles. On

MOVIE TRIO SCORE HIT IN PICTURE AT DOMINION THEATRE

Janet Gaynor, Charles Farrell and David Butler, the combination which made "Sunny Side Up" one of the outstanding screen musical productions of last season, have done it again. "High Society Blues," Fox Movietone musical romance, which had its first showing at the Dominion Theatre this afternoon, is even better entertainment than "Sunny Side Up." It has Miss Gaynor and Farrell as its stars and Butler as director.

This latest starring vehicle for the most popular team of screen sweethearts, has a much stronger story than

their last production and interest, aroused by the opening sequence, holds until the final fade-out undiminished. Miss Gaynor and Farrell sing charmingly; their rendition of "Just Like a Story Book" winning special commendation from last night's audience.

Not What She Wanted
Doris: "I don't like John. Last night I wanted to show him how well I could whistle, and when I puckered up my lips—"
Daphne: "Well, what then?"
Doris: "He let me whistle."

Glycerin Mixture Beats Soda for Sour Stomach

"For quite a time I used soda for gas and sour stomach. Then I decided to try Adlerika and found it far better than soda."—Ed. McNeill.
Just ONE spoonful simple glycerin, saline, etc., as mixed in Adlerika relieves GAS and sour stomach! Acts on BOTH upper and lower bowel, removing old poisons you never knew were there. No matter what you have tried for your stomach and bowels, Adlerika will surprise you! At leading druggists. (Adv.)

TWO ARE KILLED IN AUTO CRASH

Hull, Que., May 29.—Bert Phillips, forty-five, and Blanche White, forty-five, of Hull, were killed in an automobile accident on the Aymer Road, just outside of Hull, early this morning.

When a tire on the car in which they were riding with Harry Brown of Ottawa blew out, the machine skidded seventy feet along a ditch, crashed through a hedge, continued 100 yards across a lawn, fell down into a fifteen-foot gully, hit a tree, ricocheted off and finally came to rest against another tree.

Phillips and the woman were dead when help arrived from nearby residences. Brown, janitor of an Ottawa apartment house, who was driving the car, was rushed to a hospital, where it was found his only injury was a fracture of the jaw.

That Softened Her
"They tell me Brook's girl is hard. Is that so?"
"Hard? Why, nothing but a diamond could make an impression on her."

INSPECTION OF SCOTS TO-NIGHT

Bright Spectacle Expected as Regiment Manoeuvres at Royal Athletic

The Canadian Scottish Regiment will be inspected to-night at 8 o'clock in the Royal Athletic Park by Brigadier J. Sutherland Brown, C.M.G., D.S.O., District Officer Commanding M.D. No. 11. This is the first time that a general inspection has been held in the open in Victoria for many years and will afford an excellent opportunity for the public to witness the ceremony, which will consist of general salute, a march past in column, close column, and column of route. The pipe and brass bands of the regiment will be in attendance, and company drill will be carried out by Major F. B. J. Stephenson and Major J. R. Kingham, with their officers. Platoon drill will be directed by Lieut. R. D. Harvey and Lieut. W. H. Parker.

On the return to the Drill Hall the honorary colonel, the Hon. R. R. Bruce, will present a warrant to Regimental Sergeant Major W. J. MacKay and will address the battalion. After this part of the ceremony is completed, a demonstration of Victoria gun work, Lewis gun work, stretcher bear and signalling will take place. The general public is invited to both portions of the ceremony.

Col. Bruce, the honorary colonel of the regiment, has just returned from Great Britain, where he has met on several occasions the allied units of the Canadian Scottish, the Royal Scots, the royal regiment. He presented a cougar skin to the Royal Scots on behalf of the province of British Columbia as an appreciation of the affiliation, and also extended the best wishes of the Canadian Scottish Regiment to Her Royal Highness, Princess Mary, who is now colonel-in-chief of the Canadian Scottish, on the occasion of her birthday on April 26.

The attendance of his honor at this year's inspection is one that will be greatly appreciated by all ranks of the regiment.

DUNNING SAYS TARIFF RUMORS ARE UNTRUE

Ottawa, May 29.—Statements to the effect that Hon. C. A. Dunning, Minister of Finance, had first imposed high protection on fruit and vegetables in order to demonstrate to the consumers how high protection would operate in increasing prices and then had subsequently reduced the tariff, were characterized by the Minister of Finance as untrue in the House of Commons yesterday.

The matter was brought to his attention by Hon. R. B. Bennett, leader of the opposition.

When a Child is FEVERISH, CROSS, UPSET

Colic, gas, sour belching, frequent vomiting, feverishness, in babies and children, generally show food is souring in the little digestive tract. When these symptoms appear, give Baby a teaspoonful of Phillips' Milk of Magnesia. Add it to the first bottle of food in the morning. Older children should be given a tablespoonful in a glass of water. This will comfort the child—make his stomach and bowels easy. In five minutes he is comfortable, happy. It will sweep the

bowels free of all sour, indigestible food. It opens the bowels in constipation, colds, children's ailments. Children take it readily because it is palatable, pleasant-tasting. Learn its many uses for mother and child. Write for the interesting book, "Useful Information." Address The Chas. H. Phillips Chemical Co., Windsor, Ont. It will be sent FREE. In buying, be sure to get genuine Phillips' Milk of Magnesia. Doctors have prescribed it for over 20 years. (Adv.)

PASTOR AND WIFE HELD "AT HOME"

Rev. and Mrs. T. Keyworth
Entertain Members of Two
Churches

A large number of guests attended the very successful "guest tea" held yesterday afternoon at the home of Rev. and Mrs. Thomas Keyworth, 679 Battery Street, under the auspices of the Ladies' Aid of the James Bay United Church. Mrs. George Kirkendall, the president, and Mrs. E. H. Baker presided at the attractively decorated tea table. A musical programme included songs by Masters Howard Reynolds and Allan Batty, violin solos by Fay Ockenden, accompanied by Miss Helen Ockenden; recitations by Patty Preston and Mrs. H. H. Holland; vocal solos by Mrs. T. Southern and Mrs. A. Houston, accompanied at the piano by Mrs. J. Bruce, and piano numbers by Mrs. R. B. Koyl.

In the evening the pastor and Mrs. Keyworth were "at home" to members of their Equimuit congregation, when a happy evening was spent with games and community singing. A delightful programme was given by Filmore Morgan, Miss B. Eade, G. Lamerton, Melbourne Keyworth and Helen and Fay Ockenden.

Mrs. L. A. Wallace, president of the Ladies' Aid, presented a bouquet of carnations, roses and lilies-of-the-valley to Mrs. Keyworth as a token of appreciation of her gracious hospitality. W. A. Desille spoke in appreciative terms of the splendid work accomplished by Rev. T. Keyworth at the Equimuit Church, coupled with regret at his pending departure in June and wishing him every success in his new field of work at Sidney, V.I. The singing of "Blessed Be the One That Bids" and the national anthem brought the evening to a close.

HONORED BY P.E.O.

MRS. WINONA E. REEVES—Photo by Steffens-Culmer.

of Chicago, editor of The P.E.O. Recorder, who was presented with a framed etching at this morning's final session of the Provincial Chapter.

P.E.O. ELECTS NEW OFFICERS

Mrs. Louise Alexander is
Chosen President of Pro-
vincial Chapter

Mrs. Louise Alexander was elected president of the British Columbia Chapter of the P.E.O. Sisterhood at its closing session this morning. Other officers are: First Vice-President, Mrs. Eva McDuffie; Second Vice-President, Mrs. Louise Mahony; organizer, Mrs. Jessie Clark; recording secretary, Mrs. Okell; corresponding secretary, Mrs. Janet Pearce; treasurer, Mrs. Alice Murchison.

Mrs. Alexander presented a handsome silver cake basket, on behalf of the Provincial Chapter, to Mrs. Okell, complimenting her on the outstanding success of the convention, of which Mrs. Okell was general convener. Mrs. Winona E. Reeves of Chicago, and Mrs. Frances H. Millburn of Vancouver, were each presented with a framed etching, while Mrs. H. O. Clark, Mrs. C. A. Welch and Mrs. Okell were recipients of corsage bouquets.

Mrs. Millburn congratulated the Victoria chapters upon the excellent convention held under their aegis, and Mrs. Reeves bade the delegates farewell and wished them every success in their undertakings.

Lunches in the grill completed the programme and the majority of the afternoon delegates left on the afternoon boat for the mainland.

District W.C.T.U. Plans Social

The District W.C.T.U. will hold a social gathering at the Y.V.C.A. on Saturday afternoon at 3 o'clock in honor of Mrs. William Wright of Winnipeg, who has just returned from Australia. All members of unions are requested to attend as Mrs. Wright will have some interesting facts to tell of temperance work in the Antipodes.

Premier S. E. Tolmie entertained at a luncheon in the private dining-room of the Empress Hotel yesterday in honor of Hon. James E. Fenton, Minister of Trade and Customs in the Australian Government, who left yesterday on the S.M.S. Arcturion for the Antipodes. Other guests included His Honor the Lieutenant-Governor, Hon. J. H. Hinchcliffe, H. D. Twiss, M.P.P.; R. Hayward, M.P.P.; J. H. Beattie, M.P.P.; Mayor Troup of Wellington, N.Z.; Mayor Herbert Anson, Alderman James Adam, Messrs. W. Duffy, P. B. Fowler, E. W. McKullen, A. H. Green, G. H. Stevens, H. P. Hodges, C. Swayne, J. O. Robson, J. H. McDonald, Major L. H. Andrews and Mr. A. M. D. Fairbairn.

Miss Leonora Gregory-Allen was the guest of honor at a delightful afternoon tea given yesterday afternoon at the home of Mrs. A. Mainwaring Johnson, Linden Avenue, when members of the Jubilee Hospital Alumnae presented her with a pair of beautiful silver candlesticks. The tea-table was attractively arranged with pink tulips and pink candles in silver candlesticks, and the guests included Mrs. E. Carruthers, Mrs. W. H. Bullock-Webster, Mrs. Chambers, Mrs. Duncan, Mrs. A. Dowell, Mrs. Harwood, Mrs. E. Healey, Mrs. A. Jones, Mrs. Lancaster, Mrs. T. Miller, Mrs. F. Sterry, Mrs. M. W. Thomas, Mrs. Balcom, Mrs. J. Mulland, Mrs. L. S. V. York, Mrs. Adams and Misses M. Hartley, E. Oliver, E. Montague, McFarlane, C. McKenzie, M. Mitchell, E. Newman, J. Grant, I. Stewart, Ventreight, Whillans, I. Davies, R. Munday, E. Alexander, G. Albut, A. Boyce, E. Bradshaw, E. Bayley, B. Brown, M. Banfield, D. Frampton, S. Patt and Garner.

An interesting wedding took place in Vancouver Tuesday evening at Chorn United Church, when Annie Edith, younger daughter of Mr. and Mrs. A. W. Gray, became the bride of Rev. Francis H. Stevens, B.A., eldest son of Hon. H. H. Stevens, M.P., and Mrs. Stevens. The ceremony, which took place at 8:30 o'clock, was performed by Rev. O. M. Sanford. The bride was given in marriage by her father, and was attractively gowned in opulent chiffon, veiled, fashioned with smart simplicity, featuring a long bodice and a flared skirt of ankle length. A long flowing veil of embroidered net was worn Madonna style and held in place with orange blossoms. Her only ornament was a long string of crystals, the gift of the groom, and her flowers were a showy bouquet of Ophelia roses and lily-of-the-valley. Miss Ruth E. Gray, attended her sister as maid of honor, and the bridesmaids were Miss Marjory and Miss Sylvia Stevens, sisters of the groom. Mr. W. Kaye Lamb acted as best man, while the ushers were Mr. James Warr of Equimuit, Mr. O. C. Burritt, Mr. Jack Ward and Mr. Douglas Stevens, brother of the groom. The wedding music was played by Miss Ida Kerr. Preceding the ceremony, Mr. Gordon Kenney sang "O Perfect Love," and during the signing of the register, "All Hail Be Thine." After the reception Mr. and Mrs. Stevens left for a motor tour of Washington and Vancouver Island. They will make their home at Trail, where Mr. Stevens will be pastor at the East Trail United Church.

YOUR BABY and MINE
By MRS. MARY L. MENZIES

Mrs. Menzies will be glad to answer all questions pertaining to babies and children, a stamped and self-addressed envelope forwarded to this office will bring a personal reply.

CHANGES IN CHILD'S HABITS COME ABOUT GRADUALLY
All of us are wont to expect immediate results from almost any new policy we adopt. We are disappointed if the miracle doesn't happen (the wrong conduct right itself or the new habit become established over night), and pool pooh the line of conduct we have espoused.

Almost any change we make with children is upsetting some type of behavior which has been going on for months. If we want the baby to accept a cup after months of bottle feeding, or to feed himself after being fed for so long after months of wetting, we can't expect that the changes will occur overnight. One mother stated that after three weeks of patiently offering a cup instead of a bottle she gave up and went back to bottle feeding. Now she may as well face the fact that it will probably take her six weeks to arrive at the spot which she had reached in three weeks before. The child is going to feel that if he holds out long enough he'll get the bottle back.

ALL STEPS FORWARD
There can be no going back in child rearing, all the steps must go forward. Incidentally neither can there be any standing still. We must move. Mrs. S. E. R. has encountered difficulty in this. In this diet delaying his habit of one-half-month-old baby weighs twenty-two pounds and has six teeth, she writes. "He has had these teeth since he was nine months old; should not he be getting some more?"

"When I changed him to cup feedings he would not take all his milk so I put some on his vegetables. Now he won't accept the vegetable unless diluted with milk. Shall I starve him to this? My mother says if he takes weight he'll be even slower in getting his teeth. Is this diet delaying his teeth? He gets nearly a quart of milk, all kinds of vegetables, fruits, orange juice, cereal and one soft boiled egg a day. He sleeps twelve hours at night and four in the daytime."

REDUCE MILK GRADUALLY
Reduce the amount of milk on the vegetables a little at a time until baby accepts them in thicker form without being aware of the change. It is quite all right to offer sliced vegetables for several months more. When

he feeds himself he'll be more apt to accept food in any form than while he is being fed by you.

The average baby has six teeth at one year and twelve at eighteen months. I wouldn't call this baby delayed in any way, and the diet is splendid.

I am unalterably opposed to force in accomplishing anything. Starvation is a form of force because you are "forcing" baby to do without food until he eats what you put before him. The only time when I think it a good plan to take food away is when the child has made his refusal of it a means of attracting attention to himself. If he finds that the food disappears when he muzzes it up and refuses to eat, he will learn a valuable lesson.

THE SPORTS MIRROR

FIGHT fans in all parts of the world are trying to figure out just how the forthcoming heavyweight championship bout between Jack Sharkey, the Boston gub, and Max Schmeling, the German contender, will go. They are finding it extremely difficult to pick the winner. Now let's see what Jack Dempsey, most colorful heavyweight champion of all times, has to say about the bout. Dempsey, in a recent article, declares that in his opinion Sharkey knows too much for the Uhlman. Schmeling has had a soft path into the championship bout, the former champion says.

Sharkey looks like the best heavyweight in training, but he is by no means what might be called the ideal fighter. Jack has the stuff, but he is inclined to moods. And he may have a weakness in the body. He does not like to be hit hard in the wind, and it remains to be seen if Schmeling can get to the midsection hard enough and often enough to make this a serious factor, Dempsey states.

In discussing Schmeling Dempsey states that the German heavyweight strikes him as being a fighter who might not like to take it on the jaw. Jack then points out the fact that Max has been knocked out by Gypsy Daniels, not a great fighter, and Larry Gains, another heavyweight of not much prominence. What has been done once or twice might be done again. That is the strict law of the ring, and history backs it up plenty, Dempsey states.

Many famous fighters of bygone days are now engaged in new roles. Here is what a few of them are doing: James J. Corbett, actor; James J. Jeffries, California farmer; Tom Sharkey, vaudeville actor; Leach Cross, New York dentist; Philadelphia Jack O'Brien, physical culture director; Benny Leonard, sporting entrepreneur; Georges Carpentier, movie and vaudeville actor, and Lew Tendler, Philadelphia clothier.

With the ever-increasing millions of dollars that are being poured into the game of golf all over the world, it is more than natural that science is being attracted as never before to devise new and better implements for the sport. Customized clubs and a larger and lighter ball destined to become official next January 1, are the latest products of inventive minds.

Now comes the expanding centre ball, claimed by its manufacturers, a reputable firm in Ohio, to be the most progressive step in golf ball construction in the last ten years. The new pellet is already being turned out exclusively in the size which is to become standard next year, 1.68 in diameter and 1.55 ounces in weight.

Construction of the ball was begun more than five years ago on the recognized premise that the blow from a golf club penetrate to the centre of the sphere and that it is on the reaction, good or bad, at the point of impact that the liveliness of the ball depends. To prove this beyond a doubt, a ball was made with a glass marble as its centre. After being struck a number of times it was taken apart. The marble was pulverized as though a hammer had been used on it. Once this was established, the inventors set about devising a centre which would gain in resiliency instead of loss.

Exhaustive tests showed that golf balls lose their life rapidly after from eighteen to fifty holes play. Some retain their original springiness only for a single round, others are able to stand the impact of a golf club over a much longer time. All, however, begin to go dead at some point or another, and the deterioration is very rapid once it begins.

The newly created ball, with its liquid centre, is said to be no different from any other when it is first used up, but the longer it is used the livelier it becomes. Tests up to 100 holes and over have demonstrated this to be so, the manufacturer claims.

However, he doesn't say how to keep it from sinking out of sight in perilously located lakes and creeks or from hiding away in the rough. These are things science has yet to tackle with any measure of success.

How the miracle of greater distance with age is accomplished naturally remains a trade secret, but it is said to be done through a combination of materials in the core. They are not dangerous chemicals, it is said, and must not be confused with the explosive centres used some years ago, which were quite apt to blow a foursome's hats off without warning.

In fact, the company claims the ingredients of its core can be taken in ferriety without injury, although the outside covering might not turn out to be the best thing for the digestive tract.

FOXY PHANN

The man who breaks his word finds it never will be as good as it was

FOR OUR NEXT NUMBER, ON THE CANINE WAY, BRING ME A HEART BUT IT CAVE ME CROSS OF THE LEVER, AND IN A GOWN, THE HAND AND THE HANDS

Will Perform Here in Monster Swimming Meet

ELEANOR HOLM, AGNES GERAGHTY
three of the fastest mermals in the world, who will flash their fins in the exhibition gala to be staged under the auspices of the Victoria Rotary Club at the Crystal Garden on July 11. The appearance of these champions will be the biggest swimming event in Victoria since the visit several years ago of Johnny Weissmuller, the "Human Fish."

MOTORS ROAR Former Champ Wins TO-MORROW IN Decision In Bout BIG CLASSIC Boomed By Faithful

Thirty-eight Cars Will Race in Annual 500-Mile Indianapolis Event

Track Being Given Chemical Bath; World's Foremost Drivers Entered

Indianapolis, Ind., May 29.—Roaring motors, scheduled to bark their battle cry at the Indianapolis motor speedway to-morrow in the eighteenth annual 500-mile automobile race, were given their final inspection to-day by their thirty-eight drivers and mechanics.

The track was closed for a chemical bath intended to remove all the oil that has dripped from the cars during the last thirty days practice period.

The thirty-eight cars which qualified for the event mark the largest field that has participated in a 500-mile race since 1911. For many years the racing authorities limited the number to thirty-three, but the expansion came with the elimination of the super-charger and the passing of the single seater speedster models.

America's foremost speedway drivers, a host of youth who have won their way into major racing through dirt track training, and two foreigners—Bacchi Borzacchini and Letticio Cicciotti of Italy—will compete for the \$15,000 cash prize.

Louie Meyer, American driving champion; Peter De Paolo, Wilbur Shaw, Shorty Cantlon, Lou Moore and Billy Arnold, who rode to recognition by piloting his mount faster than any other to qualify, are among those in the race.

Indianspolis, May 29.—Advised that Sammy Mandell, world's lightweight champion, had cancelled his Speedway Eve fight engagement with Spud Myers, Focastello, Idaho, here to-night, the management of the Washington Athletic Club, promoting the bout, announced yesterday evening they will file a \$10,000 suit against the champion. Mandell's decision to cancel the engagement was based on the grounds "that the hall was much too small for the fight," according to the promoters.

Handicap Swims Held at Garden

Margaret Pinder, Wilf Loughhead and Bill Findlay were the winners in the handicap swims staged by the Crystal Garden Swimming Club in the pool yesterday evening. No starting times were made. Complete results follow: Fifty yards handicap (girls)—1. Margaret Pinder; 2. Winnie Pollard; 3. Peggy Pollard.
Fifty yards handicap (boys)—1. Wilf Loughhead; 2. Lee Gill; 3. Bill Findlay.
Fifty yards breast stroke—1. Bill Findlay; 2. Bert Gornot; 3. Peggy Pollard.

Fidel La Barba Easy Winner Over Bushy Graham in Tame Bout at Madison Square Garden; Former Aiming Towards Championship Bout With Battalio, Featherweight King; Veteran Joe Dundee Pleases Crowd With His Gameness; Bouts Mark Closing of Indoor Boxing Season.

New York, May 29.—Fidel la Barba, chunky featherweight from Los Angeles, managed to defeat Bushy Graham, bounding Utica veteran, yesterday evening, in a ten-round battle of former champions that closed the indoor season at the Garden, and added nothing to the prestige of either.

One of the smallest gatherings of the faithful this season, about 5,000, came to root the indoor season into the great outdoors, and stayed under protest to sigh with relief, and to go gently when it was over. The struggle was slow in all but the barest spots.

La Barba, frisky, tanned Los Angeles youngster, who gave up the flyweight championship two years ago to enter Stanford College, was willing to make a fight of it, but Graham, recognized as the bantamweight king in some quarters, would not mix. Bushy bounced all over the ring, rarely coming to grips, and held frequently. The decision was unanimous.

Graham's bounding, unorthodox style bothered La Barba all the way. Bushy had a discouraging system, dancing backward on his toes, hands at his sides, flicking occasional jabs to the face, only to grab and wrestle when the tireless La Barba finally caught him and went to work at close quarters. Graham was a substitute for Kid Chocolate, the Cuban bon bon who was injured in an automobile accident.

FIDEL FORCES FIGHTING
For the first five rounds, although Graham did little to advance his cause, he managed to keep La Barba from going anywhere in particular. Fidel forced the fighting, but his short, accurate left hook, the best weapon in his armory, was useless against an opponent who was usually half the ring away. The faithful, hoping for a fight, groaned and booed, but neither they nor the fighters could make anything of the situation.

Graham drove a bit after the midway mark and occasionally fell afoul of La Barba's left. Bushy's nose bled in the sixth and he was slammed around somewhat, but he rallied, outpunching and outmaneuvering Fidel in the seventh. Graham subsided in the eighth and was almost floored by one heavy left hook to the chin and La Barba coasted home.

La Barba, inaugurating a stern campaign he hopes will lead to a shot at the world's featherweight title, weighed 124 pounds, Graham 125½. La Barba probably will renew his quarrel with Chocolate outdoors this summer. The Cuban negro won a close decision in their first meeting here.

DUNDEE GAME
A game veteran of the glove wars, battered old Joe Dundee, former welterweight champion, gave the customers a thrill and twinge in the ten-round semi-final staged after the main bout. On courage and experience alone, the cine-wars Baltimorean managed to come out a decisive over. Harry Mason, former lightweight champion of England.
Dundee, fading as a ringman, began one of the most unpopular campaigns of champions by his refusal to defend his crown. Yet he came back yesterday evening for coffee and cake money as a semi-finalist and stood the patrons' crown.

U.B.C. GIRLS SEEK \$10,000 TO MAKE TOUR

Opened Campaign To-day to Raise Funds For Trip to Prague in September

Seattle Girls Attempting to Take Place of U.B.C. and Represent Continent

Vancouver, May 29.—Faced with rivalry from Seattle, University of British Columbia girls opened a campaign to-day morning to raise \$10,000 to send their basketball team to Europe to compete for the world's title at Prague in September.

Rated as the second best team on the continent by Percy Page, coach of the world-famous Edmonton Grays, the local varsity girls have been given \$1,000 by the students' council to help them make the trip.

Equally determined to make the trip to Prague, it was stated here yesterday evening a group of Seattle girls, headed by a Miss Payne. Rules of the tournament call for one entry from North America. The entry of the Canadian team has already been accepted. It was stated that the Seattle girls' basketball team over the week-end and asked to be included in the tourney. The application was refused.

Not to be daunted, the Seattle girls immediately wired executive officers of the Women's Amateur Athletic Federation of Canada and the Canadian Basketball Association, explaining that they understood that the British Columbia varsity was having trouble raising the funds to make the trip, and requesting the Canadian authorities to send the Seattle team instead of varsity.

Upon learning of the Seattle team's intentions yesterday, members of the varsity team decided to inaugurate a campaign to raise the necessary funds to send them to Prague.

RIFLE SHOOTING

With a total of 104, G.M.S. A. E. Evans led the marksmen in the regular midweek shoot of the Victoria and District Military Rifle Association at Reid's Range yesterday. Two points behind him, Lieutenants Dave Pyrie, Capt. W. E. Tapley and G.M.S. J. Kennedy also ran their scores into three figures.

Seven shots were fired at 200 yards and fifteen at 600. In view of the heavy rain which marred the shooting at the shorter range, the marks were fairly high.

G.M.S. A. E. Evans	300	600	71
Lieut. O. J. Walker	292	584	68
Capt. W. E. Tapley	289	581	65

Stars From New York Will Compete Against Seattle Marvel In Garden July 11

JAP RUGGERS TO PAY VISIT TO B.C. ONLY

Lateness of Season Responsible For Cancellation of Tour of Canada

Tourists to Play Matches in Victoria and Vancouver; Team Is Selected

Winnipeg, Man., May 29.—Lateness of the Japanese rugby projected visit to Canada this fall, and inability of the visiting rugger to remain in the Dominion more than one month, have conspired to limit the team's tour to British Columbia. This was explained here to-day by R. W. Henderson, secretary of the Canadian Rugby Union.

Originally, Mr. Henderson mentioned, plans had been outlined for a trip across the Dominion by the Japanese players. Uncertainty of prairie weather in September, however, proved an unsurmountable obstacle. Dates for games of the touring fifteen are in the hands of the British Columbia section of the Canadian Rugby Union.

DNN:menY

Tokio, May 29.—The Japan Rugby Football Association is now going ahead with plans for a tour of British Columbia this summer, in accordance with advice from the Canadian Rugby Union, Winnipeg, the latter having accepted the Japanese association's proposal to cut down the length of the team's stay in the Dominion as originally proposed in the Canadian union's invitation.

The bare fact that the Canadians are agreeable to the Japanese modification as to time has been made known here and the Japanese team expects to leave Yokohama by the Empress of Japan in August.

Seventy players, from all the chief universities in Japan, were chosen for the first elimination for the team, and from this tryout two teams were picked, between which the final elimination match will be played. The aggregation chosen as the result of this match, numbering twenty-six, and accompanied by a manager and two other officials, will make the Canadian tour.

STRENUOUS PRACTICE

Before leaving for Canada the team will undergo strenuous practice while awaiting the sailing date.

The Japanese association would have liked to meet the wishes of the Canadians and play for two months in Canada, but are forced by the regulations of some of the universities, which affect the players, to confine playing time to one month.

AUSTRALIAN ELEVEN MAKE HUGE TOTAL

Score 406 Runs For Two Wickets in Cricket Match Against Oxford

W. H. Ponsford Contributes 220, Not Out; A. M. Freeman Bowls Well

London, May 29.—The enormous score of 406 runs for only two wickets was made by the Australians in a cricket match against Oxford University at Oxford yesterday. The chief contributor to the Antipodean total was W. H. Ponsford with 220 not out.

One of the season's best bowling performances so far was A. M. Freeman's nine wickets for 50 runs for Kent against Derbyshire.

First day closing scores in matches were:
Middlesex vs. Hampshire, at Lords: Middlesex, 236 (Hendren, 122; Kennedy, five wickets for 61 runs). Hanis, 92 runs for one wicket (Hosie, 50 not out).
Gloucestershire vs. Surrey, at Kensington Oval: Gloucestershire, 150 (Dipper, 61; Gover, four wickets for 46 runs). Surrey, 81 for three wickets (Hobbs, 58 not out).
Derbyshire vs. Kent, at Ilkeston: Derbyshire, 138 (Storer, 57); Kent, 107 (Mitchell, four wickets for 42 runs).
Nottinghamshire vs. Glamorgan, at Nottingham: Glamorgan, 221 (Hills, 74); Nottingham, 92 for two wickets (George Gunn, 61).
Yorkshire vs. Essex, at Dewsbury: Yorkshire, 385 for nine wickets (Sutcliffe, 76; Holmes, 63; Leyland, 59; Oldroyd, 53).
Lancashire vs. Leicestershire, at Nelson: Lancashire, 206; Leicestershire, 49 for two wickets.
Worcestershire vs. Northamptonshire, at Worcester: Northants, 259 (Root, four wickets for 53 runs). Worcester, 21 for one wicket.
Cambridge vs. Sussex, at Cambridge: Sussex, 256 (Collins, 90; Welch, four wickets for 47 runs). Cambridge, 30 runs for two wickets.

Helene Madison, Lisa Lindstrom, Eleanor Holm, Agnes Geraghty, Katherine Ames, Adelaide Lambert, Katherine Brown, Albina Osipowich and Joan McSheehy Expected to Race.

Swimmers Will Come Fresh From U.S. National Championships at Long Beach.

Rotary Club of Victoria Sponsoring Gigantic Meet Here; Highest Grade Swimmers Seen Here Since Weissmuller and I.A.C. Team Gave Exhibition Several Years Ago.

The greatest aggregation of women aquatic stars ever to appear in an exhibition meet in Victoria will be seen in action in the Crystal Garden pool on July 11. The team will be composed of several world record holders from New York and Helene Madison, Seattle, world and U.S. title holder. The contingent will include the following: Eleanor Holm, world record holder for back stroke and medley; Agnes Geraghty, breast stroke champion; Lisa Lindstrom, free style titleholder; Katherine Ames and Adelaide Lambert, two other free style aces; and Katherine Brown, diving champion from New York, as well as Albina Osipowich, free style champion from Worcester, Massachusetts; Joan McSheehy, back stroke titleholder, Whitsville, Massachusetts, as well as the Sound City champion mermaid, Miss Charlotte Epstein, manager of the New York Women's Swimming Association, and Ray Daughters, coach of Helene Madison, will also make the trip.

The swimmers will be brought to Victoria under the auspices of the local branch of the Rotary Club. The team will arrive fresh from the United States national championships which will be held at Long Beach on July 2, 3, 4 and 5. Their tour of the northwest was made possible by the generous branches of the service club of the area.

INTERNATIONALLY FAMOUS
All athletes of international fame, the cream of the United States women swimming fraternity, will doubtless draw hundreds of sport enthusiasts to the city to the garden for the big event. Not since Johnny Weissmuller and his team of I.A.C. swimmers, along with other men from the national contests in Seattle, visited the city several years ago, has Victoria been offered an opportunity to see swimmers of such world-wide fame.

Individually the members of the team are stars in their different divisions and should give local fans a new idea of first class competition when they race against one another in the local pool.

HELENE'S SECOND APPEARANCE
The meet will give Victorian an opportunity of seeing Helene Madison, heralded as the most sensational star in the swimming world at present, for the first time since her meteoric rise to the top rung of the women's swimming ladder. Last November she appeared here in an exhibition, but was unable to compete against the city's swimmers. Helene Madison, who has won the world's 100 yard freestyle, 200 yard freestyle, 400 yard freestyle, 800 yard freestyle, 1,600 yard freestyle, 3,200 yard freestyle, 5,000 yard freestyle, 10,000 yard freestyle, 15,000 yard freestyle, 20,000 yard freestyle, 25,000 yard freestyle, 30,000 yard freestyle, 35,000 yard freestyle, 40,000 yard freestyle, 45,000 yard freestyle, 50,000 yard freestyle, 55,000 yard freestyle, 60,000 yard freestyle, 65,000 yard freestyle, 70,000 yard freestyle, 75,000 yard freestyle, 80,000 yard freestyle, 85,000 yard freestyle, 90,000 yard freestyle, 95,000 yard freestyle, 100,000 yard freestyle, 105,000 yard freestyle, 110,000 yard freestyle, 115,000 yard freestyle, 120,000 yard freestyle, 125,000 yard freestyle, 130,000 yard freestyle, 135,000 yard freestyle, 140,000 yard freestyle, 145,000 yard freestyle, 150,000 yard freestyle, 155,000 yard freestyle, 160,000 yard freestyle, 165,000 yard freestyle, 170,000 yard freestyle, 175,000 yard freestyle, 180,000 yard freestyle, 185,000 yard freestyle, 190,000 yard freestyle, 195,000 yard freestyle, 200,000 yard freestyle, 205,000 yard freestyle, 210,000 yard freestyle, 215,000 yard freestyle, 220,000 yard freestyle, 225,000 yard freestyle, 230,000 yard freestyle, 235,000 yard freestyle, 240,000 yard freestyle, 245,000 yard freestyle, 250,000 yard freestyle, 255,000 yard freestyle, 260,000 yard freestyle, 265,000 yard freestyle, 270,000 yard freestyle, 275,000 yard freestyle, 280,000 yard freestyle, 285,000 yard freestyle, 290,000 yard freestyle, 295,000 yard freestyle, 300,000 yard freestyle, 305,000 yard freestyle, 310,000 yard freestyle, 315,000 yard freestyle, 320,000 yard freestyle, 325,000 yard freestyle, 330,000 yard freestyle, 335,000 yard freestyle, 340,000 yard freestyle, 345,000 yard freestyle, 350,000 yard freestyle, 355,000 yard freestyle, 360,000 yard freestyle, 365,000 yard freestyle, 370,000 yard freestyle, 375,000 yard freestyle, 380,000 yard freestyle, 385,000 yard freestyle, 390,000 yard freestyle, 395,000 yard freestyle, 400,000 yard freestyle, 405,000 yard freestyle, 410,000 yard freestyle, 415,000 yard freestyle, 420,000 yard freestyle, 425,000 yard freestyle, 430,000 yard freestyle, 435,000 yard freestyle, 440,000 yard freestyle, 445,000 yard freestyle, 450,000 yard freestyle, 455,000 yard freestyle, 460,000 yard freestyle, 465,000 yard freestyle, 470,000 yard freestyle, 475,000 yard freestyle, 480,000 yard freestyle, 485,000 yard freestyle, 490,000 yard freestyle, 495,000 yard freestyle, 500,000 yard freestyle, 505,000 yard freestyle, 510,000 yard freestyle, 515,000 yard freestyle, 520,000 yard freestyle, 525,000 yard freestyle, 530,000 yard freestyle, 535,000 yard freestyle, 540,000 yard freestyle, 545,000 yard freestyle, 550,000 yard freestyle, 555,000 yard freestyle, 560,000 yard freestyle, 565,000 yard freestyle, 570,000 yard freestyle, 575,000 yard freestyle, 580,000 yard freestyle, 585,000 yard freestyle, 590,000 yard freestyle, 595,000 yard freestyle, 600,000 yard freestyle, 605,000 yard freestyle, 610,000 yard freestyle, 615,000 yard freestyle, 620,000 yard freestyle, 625,000 yard freestyle, 630,000 yard freestyle, 635,000 yard freestyle, 640,000 yard freestyle, 645,000 yard freestyle, 650,000 yard freestyle, 655,000 yard freestyle, 660,000 yard freestyle, 665,000 yard freestyle, 670,000 yard freestyle, 675,000 yard freestyle, 680,000 yard freestyle, 685,000 yard freestyle, 690,000 yard freestyle, 695,000 yard freestyle, 700,000 yard freestyle, 705,000 yard freestyle, 710,000 yard freestyle, 715,000 yard freestyle, 720,000 yard freestyle, 725,000 yard freestyle, 730,000 yard freestyle, 735,000 yard freestyle, 740,000 yard freestyle, 745,000 yard freestyle, 750,000 yard freestyle, 755,000 yard freestyle, 760,000 yard freestyle, 765,000 yard freestyle, 770,000 yard freestyle, 775,000 yard freestyle, 780,000 yard freestyle, 785,000 yard freestyle, 790,000 yard freestyle, 795,000 yard freestyle, 800,000 yard freestyle, 805,000 yard freestyle, 810,000 yard freestyle, 815,000 yard freestyle, 820,000 yard freestyle, 825,000 yard freestyle, 830,000 yard freestyle, 835,000 yard freestyle, 840,000 yard freestyle, 845,000 yard freestyle, 850,000 yard freestyle, 855,000 yard freestyle, 860,000 yard freestyle, 865,000 yard freestyle, 870,000 yard freestyle, 875,000 yard freestyle, 880,000 yard freestyle, 885,000 yard freestyle, 890,000 yard freestyle, 895,000 yard freestyle, 900,000 yard freestyle, 905,000 yard freestyle, 910,000 yard freestyle, 915,000 yard freestyle, 920,000 yard freestyle, 925,000 yard freestyle, 930,000 yard freestyle, 935,000 yard freestyle, 940,000 yard freestyle, 945,000 yard freestyle, 950,000 yard freestyle, 955,000 yard freestyle, 960,000 yard freestyle, 965,000 yard freestyle, 970,000 yard freestyle, 975,000 yard freestyle, 980,000 yard freestyle, 985,000 yard freestyle, 990,000 yard freestyle, 995,000 yard freestyle, 1,000,000 yard freestyle.

HELENE'S SECOND APPEARANCE
The meet will give Victorian an opportunity of seeing Helene Madison, heralded as the most sensational star in the swimming world at present, for the first time since her meteoric rise to the top rung of the women's swimming ladder. Last November she appeared here in an exhibition, but was unable to compete against the city's swimmers. Helene Madison, who has won the world's 100 yard freestyle, 200 yard freestyle, 400 yard freestyle, 800 yard freestyle, 1,600 yard freestyle, 3,200 yard freestyle, 5,000 yard freestyle, 10,000 yard freestyle, 15,000 yard freestyle, 20,000 yard freestyle, 25,000 yard freestyle, 30,000 yard freestyle, 35,000 yard freestyle, 40,000 yard freestyle, 45,000 yard freestyle, 50,000 yard freestyle, 55,000 yard freestyle, 60,000 yard freestyle, 65,000 yard freestyle, 70,000 yard freestyle, 75,000 yard freestyle, 80,000 yard freestyle, 85,000 yard freestyle, 90,000 yard freestyle, 95,000 yard freestyle, 100,000 yard freestyle, 105,000 yard freestyle, 110,000 yard freestyle, 115,000 yard freestyle, 120,000 yard freestyle, 125,000 yard freestyle, 130,000 yard freestyle, 135,000 yard freestyle, 140,000 yard freestyle, 145,000 yard freestyle, 150,000 yard freestyle, 155,000 yard freestyle, 160,000 yard freestyle, 165,000 yard freestyle, 170,000 yard freestyle, 175,000 yard freestyle, 180,000 yard freestyle, 185,000 yard freestyle, 190,000 yard freestyle, 195,000 yard freestyle, 200,000 yard freestyle, 205,000 yard freestyle, 210,000 yard freestyle, 215,000 yard freestyle, 220,000 yard freestyle, 225,000 yard freestyle, 230,000 yard freestyle, 235,000 yard freestyle, 240,000 yard freestyle, 245,000 yard freestyle, 250,000 yard freestyle, 255,000 yard freestyle, 260,000 yard freestyle, 265,000 yard freestyle, 270,000 yard freestyle, 275,000 yard freestyle, 280,000 yard freestyle, 285,000 yard freestyle, 290,000 yard freestyle, 295,000 yard freestyle, 300,000 yard freestyle, 305,000 yard freestyle, 310,000 yard freestyle, 315,000 yard freestyle, 320,000 yard freestyle, 325,000 yard freestyle, 330,000 yard freestyle, 335,000 yard freestyle, 340,000 yard freestyle, 345,000 yard freestyle, 350,000 yard freestyle, 355,000 yard freestyle, 360,000 yard freestyle, 365,000 yard freestyle, 370,000 yard freestyle, 375,000 yard freestyle, 380,000 yard freestyle, 385,000 yard freestyle, 390,000 yard freestyle, 395,000 yard freestyle, 400,000 yard freestyle, 405,000 yard freestyle, 410,000 yard freestyle, 415,000 yard freestyle, 420,000 yard freestyle, 425,000 yard freestyle, 430,000 yard freestyle, 435,000 yard freestyle, 440,000 yard freestyle, 445,000 yard freestyle, 450,000 yard freestyle, 455,000 yard freestyle, 460,000 yard freestyle, 465,000 yard freestyle, 470,000 yard freestyle, 475,000 yard freestyle, 480,000 yard freestyle, 485,000 yard freestyle, 490,000 yard freestyle, 495,000 yard freestyle, 500,000 yard freestyle, 505,000 yard freestyle, 510,000 yard freestyle, 515,000 yard freestyle, 520,000 yard freestyle, 525,000 yard freestyle, 530,000 yard freestyle, 535,000 yard freestyle, 540,000 yard freestyle, 545,000 yard freestyle, 550,000 yard freestyle, 555,000 yard freestyle, 560,000 yard freestyle, 565,000 yard freestyle, 570,000 yard freestyle, 575,000 yard freestyle, 580,000 yard freestyle, 585,000 yard freestyle, 590,000 yard freestyle, 595,000 yard freestyle, 600,000 yard freestyle, 605,000 yard freestyle, 6

Duncan Tennis Stars Will Play Here On Saturday

To Meet Kingston Street Players In League Competition

Crack Up-island Players Will Make First Appearance in First Division of Vancouver Island Tennis League; Kingston Second Team Will Travel to Duncan for Opening Match in Division; Teams Announced for Senior Event.

Activities in the Vancouver Island Tennis League will continue on Sunday with two matches. Duncan will invade Victoria for a match against Kingston Street while the latter club's second team will make the trip to Duncan for an engagement with the Duncan second team. The men's second section is opening with the Duncan-Kingston Street match and a week from Sunday the third division will swing into action with several matches being played. From June 1 there will be weekly matches in the three divisions until late in August. The first division will wind up in early July while the second and third will continue hostilities until the end of the season.

The first match of the league series two weeks ago proved very interesting, and a surprisingly large number of fans turned out to watch the matches, which in nearly every case were close. Kingston Street lost to Victoria by one match, and it is expected that they will have their hands full in competing against Duncan, who will bring down a strong team.

Reg Corfield and his brother, Norman, who have been the mainstays of the Duncan team for many years, will head the Up-islanders, assisted by N. R.

Japanese Nine Wins Far East Baseball Title

Tokio, May 29.—Japan won the far eastern Olympic baseball championship here to-day, defeating the Chinese team in a ragged contest, 17 to 10.

SIEBOLD IS SURPRISE OF MAJOR LOOP

Veteran Hurler in Comeback Twirls Boston Braves to Their Seventh Victory

Chicago Cubs Win and Improve Standing; Many Games Halted By Weather

Current performance of Harry Siebold, veteran pitcher of the Boston Braves, is one of the most amazing things in the National League struggle. Back in the old days "Socks" Siebold was a regular hurler with the Philadelphia Athletics.

A decade ago Siebold disappeared into the minor leagues and little more was heard of him until he appeared at the top of the International League list with Reading in 1928. The Chicago Cubs called him in from their farm to use as a trading material and sent him to the Braves. Siebold went along at a steady pace while his mates pecked away slowly at the hurling of Phil Collins and Grover Alexander for eight blows, one of them Walter Berger's seventh home run of the season.

Siebold's leading rival for staying honors in the major leagues, Walter Stewart of the St. Louis Browns, trailed right along behind him yesterday, completing his eighth contest in ten games with a 4-2 victory over the Detroit Tigers. Stewart also has won seven games, but has been defeated three times.

Chicago Cubs moved up to an almost safe place in the National League's first division, defeating the Cincinnati Reds, 6 to 5.

NATIONAL LEAGUE
Boston, May 29.—The Braves got into action yesterday after three postponements and defeated the Phillies, 5 to 1, behind the steady pitching of "Socks" Siebold. The Boston pitcher hurled his ninth complete game of the season, and won his seventh victory. Walter Berger of Boston hit his eleventh home run of the season in the sixth inning.

Chicago, May 29.—The Cubs scored four runs in the first inning yesterday and outlasted the Cincinnati Reds to win 6 to 5. Each team got nine hits with Frey and Kopp pitching for Cincinnati, and Bush and Malone for Chicago.

HOME RUN STANDINGS
Home runs yesterday:
Berger, Braves 1
Currier, Cubs 1

"Y" Swimmers Start Life-saving Course
Keen interest was shown in the first class of the Y.M.C.A. life-saving group, which worked out under Coach Colin McFadyen and Archie McKinnon at the association's pool yesterday evening. In all thirty-one pupils turned out for the initial lesson and kept the instructors busy teaching them the rudiments of the study.

The first two methods of rescue and release were taken in land drill. In the water the pupils were coached in different strokes necessary in the two methods.

The life-saving course is only a part of a big swimming campaign the association will run during the summer.

COAST LEAGUE
Seattle, May 29.—Paul Zahniser, Seattle pitcher, had a bad third inning against the Sacs here yesterday, but tamed their bats for the last six frames, while the Indians batted out a 18 to 2 victory. Zahniser's three hits, one a double, helped in the rally, while he held the Sacs to seven hits in all.

AMERICAN ASSOCIATION
Detroit, May 29.—The Browns defeated the Sacs here, 4 to 2, in a game after the first inning.

WESTERN LEAGUE
St. Joseph, Mo., May 29.—The Browns defeated the Sacs here, 4 to 2, in a game after the first inning.

HORSE RACING
Calgary, May 29.—Closing day at Victoria Park was featured by several outsiders winning, and the victory of Ben, in the Stock Exchange Handicap, Jockey Greenwood had his license removed by the stewards for failing to use his whip on the top-weighted Madrugada, who finished second. The thoroughbreds more out to the mile course at Chinook Jockey Club for a seven-day session, May 31 to June 7.

Senior Ball Game Halted By Rain
Yesterday evening's scheduled Senior Amateur League ball game between the Eagles and Falcons was postponed on account of rain.

Paulino Uzcudun Will Meet Risko
Detroit, May 29.—Paulino Uzcudun and Johnny Risko have been matched for a bout at Olympic Stadium, June 12.

WANT TILDEN ON U.S. TEAM

Veteran Tennis Star Will Be Asked to Again Play in Davis Cup Series.

New York, May 29.—The stage will soon be set for the well-known tennis champion, William Tilden, to make a dramatic capitulation to the pleas of his countrymen and take another fling at his old rivals, the French, in the approaching Davis Cup challenge round.

The directors of the United States Davis Cup campaign have become convinced, along with other eager followers of the game, that Tilden cannot be left out of the line-up, even if he has to be drafted.

Joseph W. Wear, chairman of the Davis Cup committee, said over the telephone from his office in Philadelphia yesterday, that he and Fitz-Gerald, non-playing captain of the team, "will be very pleased" if Tilden will make himself available.

The matter undoubtedly will be settled abroad between Tilden and Dixon, Mr. Wear said.

Tilden emphatically declared last winter that he had had his fill of Davis Cup competition and then proceeded to hit such a pace in tournament play along the Riviera and in the current French championships that he stands out as the leading American hope.

Phil Scott Files His Forfeit Money

Macon, Ga., May 29.—"Pa" Stripling announced Monday night that Phil Scott, British heavyweight, had deposited his \$5000-of-forfeit-money-for-a-fight with his son at Stamford Bridge, London, July 28.

Women Athletes Will Still Compete In All Events At Olympics

Berlin, May 29.—Women will be left on the Los Angeles Olympics, as at Amsterdam, including track, field and fencing as a consequence of to-day's rejection of the Baillet-Latour proposal to admit them only in gymnastics, swimming, tennis and skating.

The vote by a show of hands after heated debate in which Murray Hulbert of New York led, was so overwhelming that Baillet himself threw up his hands, good naturedly and requested that he be recorded in favor of the rejection of his own proposal.

The Olympic Congress further decided on sixteen days' duration for the Los Angeles games, including three Sundays.

The United States delegates met to discuss an important point when a proposal to limit entries in each track and field event to three per nation was adopted by a vote of 21 to 14, thereby overruling the recommendation of the programme committee that the rules permitting four entries be retained. The reduction to three was proposed by Count de Baillet-Latour, president of the International Olympic Committee, and opposed by virtually all of the United States delegates.

and Lombardi of the Oaks did the same thing in the fifth, just before a rain squall held up the game for twenty-five minutes. Portland had a five-to-three lead at the time and had just managed to hold it in the closing innings.

INTERNATIONAL LEAGUE
Montreal 10-1, Toronto 2-0. Other games postponed—rain.

AMERICAN ASSOCIATION
Indianapolis 1, Columbus 13. Milwaukee 6, St. Paul 5. Louisville 5, Toledo 3 (twelve innings).

WESTERN LEAGUE
St. Joseph, Mo., May 29.—The Browns defeated the Sacs here, 4 to 2, in a game after the first inning.

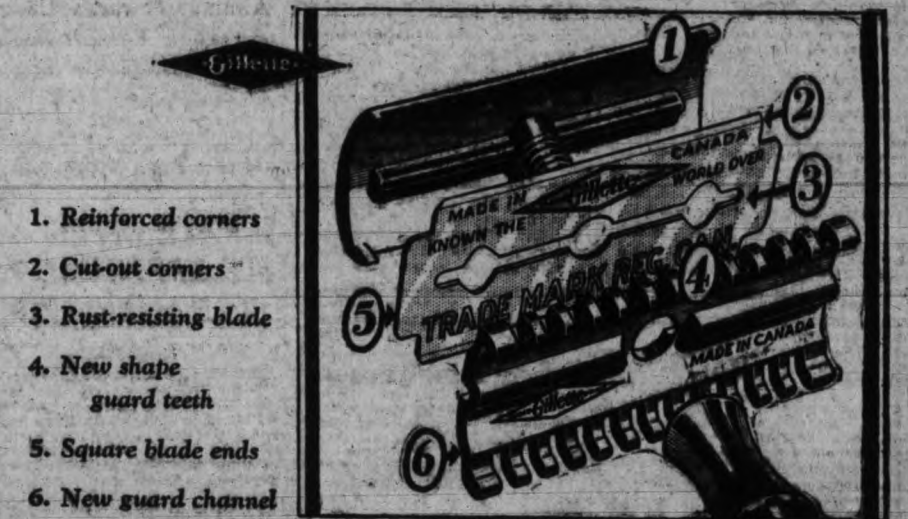

HORSE RACING
Calgary, May 29.—Closing day at Victoria Park was featured by several outsiders winning, and the victory of Ben, in the Stock Exchange Handicap, Jockey Greenwood had his license removed by the stewards for failing to use his whip on the top-weighted Madrugada, who finished second. Six Vital Improvements

... what a difference they make in your shave

NO wonder thousands of men have thrown away their old razors for this New Gillette. Its reinforced razor cap and cut-out blade corners, in combination with the new shape guard teeth, abolish "razor pull." Its specially processed new blade resists rust. You merely shake it dry — no more tedious wiping — no more cut towels.

Then there are the new guard channel and the square blade ends — six reasons

in all why the New Gillette gives you the fastest, smoothest, most comfortable shave you've ever had.

Here is your chance to have the greatest bargain in shaving comfort and convenience that \$1.00 has ever bought: the New Gillette Razor, gold-plated, in a handsome case, and one New Gillette Blade. Additional new blades are priced the same as the old, one dollar for ten, fifty cents for five. Your dealer has both waiting for your call.

GILLETTE SAFETY RAZOR CO. OF CANADA, LIMITED, MONTREAL.

\$1.00 for ten and 50c for five. The New Gillette Blade in the new green pack.

MADE MILD BY MODERN METHODS

Bobby Jones On Golf

When a ball is played with a mashie or mashie-niblic from rough grass or from a heavy lie on the fairway it can be safely predicted that it will have plenty of run left when it hits the ground. If we add to the condition of the lie the further circumstance of a strong breeze directly at the player's back the run is unavoidable. It seems to me that if the average person could appreciate the difficulty of stopping a shot

under these conditions he would be not only less critical of the expert, but more saving of his own strokes. Pitch shots from long grass offer no particular difficulty so far as elevating the ball is concerned. The trouble comes in applying control and in making the ball stop where we want it.

FOLLOWING BREEZE A HAZARD

First, it ought to be made clear why this sort of shot is hard to stop. The following wind itself is a hazard even though the ball be laying well where it is possible to obtain a clean gripping contact between ball and club. The current of air moving along in the same direction in which the ball is flying do not offer as much resistance as calm air or as a breeze against the shot. Whatever resistance is offered is not sufficient for the spin of the ball to produce the climbing trajectory characteristic of a quizz stopping. A good many people probably were surprised to learn that Walter Hagen at Murlfield last year played every one of his downwind shots as low as possible. He did this because he knew that a high shot thrown up anywhere near the green, with the strong wind behind it, might bound and roll to almost any place.

CONTACT NEEDED FOR BACKSPIN

The effect of a heavy lie is to destroy whatever chance the wind may have left. The first requirement to produce any amount of backspin is that the clubface secure some sort of

grip upon the surface of the ball. As has been explained many times, the spin is produced by that part of the face of impact which is exerted tangential to the surface of the ball as distinguished from that part which penetrates toward the centre and propels it on its way.

That this tangential force may be appreciable there must be a clean, dry, contact between club and ball, so that the club may grip the ball and impart spin to it. Anything which interferes with this contact lessens the chance of backspin.

Referring particularly to the shorter shots, it is best here to select a well-lofted club and to attempt to cut under the ball. This is one of the very few times when anything like a lobbing shot should be attempted, and it is in the one time when there should be no effort to strike downward upon the back of the ball in the manner accepted for playing an ordinary pitch from the fairway.

But the most important thing is to avoid any silly idea that perhaps just this one time the shot will stop. Allow plenty of margin for the run of the ball and do not attempt to cut the bunker too close. If there is any trouble near the green, the centre of the putting surface is the best target to select.

SENATE GIVES ITS APPROVAL TO HALIBUT PACT

Ottawa, May 29.—The Senate yesterday approved the new fisheries treaty with the United States for the protection of halibut in the North Pacific and Bering Sea. It was introduced and examined by Hon. Raoul Dandurand, government leader. Its main covenant extends the closed season for fishing and designates sea areas in which the amount of the catch may be limited by the commission set up for administrative purposes.

Approval was also given a resolution calling upon the British Parliament to approve the agreements made with the western provinces for the return of their natural resources.

Big slabs of ice are used as windows in the huts inhabited by the people of North Siberia.

CRICKET TEAMS WIN EASILY IN MIDWEEK LOOP

St. Aidan's and Five C's Far Too Strong For Hudson's Bays and T. and V's.

Sparks Scores Fifty With Wicket Standing; Churchmen Win After One Wicket

With F. A. Sparks knocking out fifty runs before retiring and young Hardisty taking three wickets for one run in a single over, St. Aidan's had little difficulty in sending Hudson's Bays down to defeat in the mid-week cricket game played yesterday at Beacon Hill. St. Aidan's scored 75 for four wickets, while the Bays' total was 68. In the other fixture of the day the Five C's, last year's champions, defeated the T. and V's. The Five C's scored 116 for one wicket, while the T. and V's scored 103.

St. Aidan's started in fine style and with Sparks batting out half a century before leaving the field with his wicket still standing, had an easy time with the Bays.

Comley, Pillar and Galt scored thirty, thirty-six and forty-five runs for the Five C's and left the field with only one wicket gone.

Council Upholds Two Officials

Vancouver, May 29.—Suspension of George E. McCrossan, K.C., corporation counsel, and A. J. Pilkington, city comptroller, urged by the Central Rate-payers' Association of Vancouver, aroused a storm of protest from the city council yesterday.

A resolution was passed expressing implicit confidence in both officials and instructing the city clerk to reply to the association, pointing out that its protest of civic corruption came after an investigation had been ordered by the council.

The resolution passed by the rate-payers' body charged "deplorable laxity of proper administration at the head" and urged complete investigation of every civic department.

A Mother Discovers A New Bedtime Story*

Life Savers, Ltd., Prescott, Ont.

Dear Sirs:

I have just put my two children to bed. Before I retire myself, I am writing you this letter to express my gratitude for Life Savers.

Like all youngsters, my children love sweets, but like all mothers, I know the danger of over-indulging their appetites. Some time ago, I asked my doctor about sweets. Of course he said, "No sweets at all." But in this instance, my doctor told me that the purity of Life Savers made them absolutely safe for children.

Since then, Life Savers have been the standard confection in our home. Both my youngsters clamor for them—and a promise of a Life Saver will bring about perfect behaviour.

Each night in putting them to bed, I tell them a bedtime story—while we all enjoy Life Savers. I find that the delicious taste sweetens the stomach and encourages the youngsters to peaceful rest. This is my bedtime story to Life Savers—they really have solved a big problem for me.

Good night to you, gentlemen.

Mrs. F. K. Phillips

NEW STUDY OF EMPIRE TRADE IS NOW URGED

By George Hambleton, Canadian Press Staff Correspondent

London, May 29.—Without a dissenting vote the congress of the Empire Chambers of Commerce here yesterday afternoon adopted a resolution calling on the governments of the Empire to make a concerted effort to formulate an economic policy for the Empire.

This resolution followed one proposed by Colonel J. H. Woods of Calgary Alta., president of the Canadian Chambers of Commerce. Colonel Woods's resolution urged the Empire governments to examine, without delay, their own fiscal policies, with a view to ascertaining in what respect they might be amended in the inter-

ests of trade with other portions of the

Empire, with due regard to the integrity of their own commerce. Colonel Woods's resolution was left for further consideration to-day.

The congress decided to hold its 1930 meeting in New Zealand.

HERE IS INSTANT RELIEF FOR DEAFNESS

Head Noises, Catarrh

ROARING and hissing sounds, discharge, pain, sensitive and tender ears, and catarrh trouble. You will be surprised how quickly Aurine will help you. You may be a chronic long-time sufferer, you may have tried many things without relief, but do not give up hope before you know what Aurine can do for you. Dr. Edward Kolar, M.D., said, "Aurine helped cases I had given up as hopeless. A truly remarkable scientific remedy."

John Meredith of Canada says, "I have suffered from ear trouble for over 10 years. At times I would be deaf. I have only used half of my bottle of Aurine and I find it a great relief. All the head noises have gone and I can hear people talking clear. I heard the choir in our church and the organ play for the first time in 10 years. I also heard the minister read the Scriptures."

Don't waste high prices for earphones, stop trying expensive treatment and order the Aurine relief that more than a half-dozen others have found in Aurine. A few drops in each ear and relief comes instantly. Mr. R. F. Mad and am glad to state that I can now hear my watch tick. Today was the first time, this summer, I heard the church bell ring. No matter how stubborn or what your trouble is, you must try Aurine. No risk, no chance, no doubt, Aurine must do the work or cost you nothing. Our Book "How to Take Care of the Ears" sent free. Address: AURINE COMPANY, CHICAGO, ILL.

Deep Sea and Coastwise Transportation

First C. N. R. Boat Sails From Mersey To-day For Coast

Ss. Prince Henry Will Reach Here June 20 to Enter Alaska Service; Capt. D. Donald, B. C. Keeley and Capt. A. S. Nicholls Will Board New Vessel on Arrival at San Pedro.

Setting out on her maiden voyage to this coast, the new 6,000-ton coast steamer Prince Henry cleared from the River Mersey this morning and laid a course down the Irish sea for the open Atlantic, it was announced here to-day by Bruce Boreham, B.C. publicity manager for the Canadian National Railways with headquarters at Vancouver.

Mr. Boreham left the city this afternoon on his return to the mainland.

The Prince Henry is coming out from Liverpool under the command of Capt. A. J. Gilbert, who stood by at the plant of Cammell Laird and Company until the completion of the ship.

REFUELING STOPS

Stops will be made at Fayal, St. Thomas, Colon and Acapulco for refueling and on arrival at San Pedro, Cal., the vessel will be turned over to Capt. Dan Donald, commodore of the C.N.R. fleet, who will command her in the Vancouver-Alaska service.

B. C. Keeley, manager of the C.N.R.

Largest Vessel To Pass Through Washington Canal

Seattle, May 29.—The largest vessel to ever pass through the Lake Washington ship canal, the 10,736-ton steamship, Andrea F. Luckenbach, largest freighter in the American merchant marine, was moored in Lake Union here to-day after passing through the waterway from Elliott Bay.

The Luckenbach Company having added three new ships recently to its fleet, will keep the Andrea here as a spare boat.

She is 537 feet over all, 62.3 feet wide and 41 feet deep, 73 feet longer and 10 feet wider and deeper than the Eastern Merchant, formerly the largest ship to negotiate the canal.

VESSEL BOUND TO WEST COAST IN COLLISION

Ss. Watco Owners Seek to Recover \$10,000 Damages Against Texada

Counterclaim of \$15,000 Is Made By Kingsley Navigation Company

Vancouver, May 29.—Following collision in the first narrow Tuxedo channel between the 5,000-ton freighter Texada and the coastal steamer Watco, 1,000-ton, suit has been entered on behalf of the latter by Griffin, Montgomery & Smith in Admiralty Court to recover \$10,000 damages from the Texada.

The Watco was outward bound and the Texada inbound. It is alleged that the Texada endeavored to cross to the north side of the channel, with the result that the Watco's starboard bow struck the Texada's starboard bow. The collision occurred at 10:30 p.m. off Calamity Point.

Temporary repairs are being made to the Texada at Burrard Drydock. Permanent repairs will be completed in Seattle.

The Watco will be repaired sufficiently to enable her to make a trip to the west coast of Vancouver Island, and on her return the vessel will be put into drydock and thoroughly overhauled.

Damages to the Texada is estimated at \$15,000 and Wood, Hogg & Bird, solicitors for Kingsley Navigation Company, will counterclaim for this sum from the Watco in an Admiralty Court action.

FASTEST ON COAST

In maintaining that speed when in regular service she will be the fastest boat on the coast.

The sister steamers Prince David and Prince Robert, which will be operated in the tri-city service between Vancouver, Victoria and Seattle, will follow the Prince Henry from Birkenhead at monthly intervals.

HIKAWA GIVEN FINE WELCOME AT SEATTLE

Seattle, May 29.—City officials and several thousand Seattle residents, including many Japanese, witnessed colorful ceremonies marking the arrival here of the new 85,000-ton Nippon Yusen Kaisha liner Hikawa Maru.

Flying a full set of signal flags, the Hikawa Maru, under command of Captain Frank Edwards, extended a welcome to Capt. S. Akiyoshi.

Orient Offers Good Market For Fresh Fruits

San Francisco, May 29.—California fresh fruits delivered in refrigerated ships throughout the Orient and Far East find ready market, according to George Howard, federal trade commissioner of the Philippines, who arrived here on the President Madison.

This comparatively new industry is building rapidly, he said. California fresh fruits and vegetables arrive in all parts of the Orient in splendid condition, he added.

MAIL SERVICES

Prairie Air Mails

DID YOU SEE IT?
THOUSANDS enjoyed the trip to India with the Nabob camera man last week. In a few brief minutes they were whisked away to the great Tea gardens of Ceylon and Assam and then back again to Canada to see the care with which Nabob Tea is blended and packed. To them Nabob Tea will always be the more delightful because they now know something of its romance. They not only know it is delicious, but they know why it is.
This interesting film is now being shown in EDMONTON.

LANGFORD DECIDES AGAINST EXHIBIT AT WILLOWS FAIR

The monthly meeting of the Women's Institute was held on Tuesday afternoon at Cherry Bank by invitation of Mrs. A. Moir. Mrs. Dan Malcolm presided over a good attendance. The members decided not to

have an exhibit at the Victoria Fall Fair this year. Mrs. Percy M. Welch, secretary, read a letter from Adjutant Sharp of the Salvation Army, expressing willingness to address the June meeting. The Institute accepted an offer of wool and yarn for a rug and comforter from B.C. Worsted Mills Limited of Victoria and working bees will be organized shortly. An offer of Mrs. D. B. Bullen

to hold a garden party at her residence, "Marshwood," in aid of the Solarium, was accepted. July 9 being tentatively arranged for the function. Hon. R. H. Pooley will be thanked for assistance in getting the footpath from the school to the lake. Flower show folders will be distributed shortly, the secretary reported. Tea was served by the hostess, who was assisted by Mrs. Percy Moir and Mrs. A. B. Cuthbertson.

The meeting scheduled for next Wednesday to discuss the fire hydrant question has been postponed. J. A. Thomas, provincial fire marshal, will visit this district in the second week of June to look over the situation. The Girl Guides will meet at 2 o'clock at Langford Lakeside on Saturday afternoon. Evening service will be held in St. Matthew's Church on Sunday next at 7 o'clock.

BOY SOPRANO TO GIVE RECITAL

Will Be Heard in Charity Concert at Shrine Hall Tomorrow

Music lovers will be interested in the recital Friday in the Shrine Auditorium when Olive Campbell will present Master Billie Ingles, boy soprano who received unstinted praise from the adjudicators at the recent Musical Festival for his vocal and pianistic art, and who won four silver medals, a scholarship, and was joint winner of the Women's Canadian Club Cup, the first two presented for highest marks in eleven junior classes. He will be heard in a group of folk songs, a Schubert group and other numbers. Another promising young singer to be heard will be Tom Anstey, in songs by Cowen, Rowley, Schubert and Newton. The programme, to be given only by first, second and third winners, will consist of vocal solos, duets and trios, and piano solos and duets. The young artists will be assisted by Jessie Smith, A.T.C.M., and Olive Campbell, A.T.C.M., L.Mus., in two piano numbers. The proceeds will be for charity.

THIS WAS A REAL SMASHUP

Sixteen persons were injured, several seriously, when a Western Pacific Railroad train crashed into a one-man trolley at Oakland, California, as pictured above. Hurled sixty feet, the street car, loaded with passengers on their way to work, was cut nearly in half.

BETTING UNITS CENTRAL POINT OF RACE ISSUE

Lessees of Willows Race Grounds Resist Unconditional Use of Automats

City Council Leaves Tangle to Solicitors After Two-hour Deadlock

A two-hour discussion on the Willows race grounds brought the City Council and the Colwood Park Association little closer together yesterday afternoon, at a special meeting held by the mayor and aldermen with officials of the body. The meeting was deadlocked for the final hour.

Percy Fox and E. H. M. Foot appeared for the Colwood Park Association, which stood out firmly for conditional use of automatic betting machines, and then only if these could be secured without punitive costs to them; and asked that in the event of horses racing being banned, they be given the use of the grandstand, paddock and other appurtenances they would install at the Willows under such time as they had recouped some of the cost of the new track and buildings.

The cost of the track, a five-eighths mile track to be installed in a location 375 feet north of the present track, would be \$6,000 in round figures, said Mr. Fox, and the cost of the grandstand, paddock and other necessary works some \$24,000. The association, he said, would not be willing to risk this amount of money without having reasonable assurance that it could obtain some recovery in the event of racing being stopped on British Columbia tracks.

MACHINES DERATED
For close on two hours the meeting argued the use of automatic betting machines. The majority of the council sought an unconditional guarantee of their use. Mr. Fox said that the association expressed willingness to use them only if the cost did not exceed one-half of one per cent of the money passing through the machines at race meetings, and where the makers assumed the cost of all loss by error in the machines.

At the end of an unbreakable deadlock at this point the meeting agreed to refer the wording of a clause likely to suit both parties to the respective solicitors for the city and the association. The question of the use of the tracks and stand, if racing is banned, for purposes of recovery, was also referred to the solicitors, with tentative acceptance of the principle that opportunity for recovery on the part of the racing association should be afforded.

DIFFICULTIES CITED
Discussion of the conditional use of the machines brought out little that was new. Mr. Fox stated that while the Australian totalisator betting machines had broken down a number of times, and had once been threatened with elimination by the Dominion Department of Agriculture, in charge of racing supervision in Canada, they were still the best machines available, if put in proper condition and run flat.

The difficulty lay, he said, in the fact that the Colwood Park Association had had to complete its business with the makers after it had signed on a five-year lease with the city, and had been somewhat harshly dealt with in consequence. The association, he said, was desirous of avoiding being placed in a similar position again, in respect of the ten-year extension of the lease now sought. No such sum as \$30,000 would be risked by the association on terms that meant the possibility of paying a ruinous price for the use of the machines, he said.

TICKETS CHEAPER
Colwood, continued Mr. Fox, was willing to agree to use the machines if the cost to the association did not exceed one-half of one per cent of the money handled, or roughly \$5,000 a year. Race betting by tickets without the machines could be conducted at half that sum, and the association would be willing to make some added consideration over to the city if it came to that, he said.

Errors on the machines had been noted in all local meets where they had been used, and had run from \$119 to some less than \$5, with as many as fifty-nine errors in a single meet, said Mr. Fox. In the past the association had been faced with meeting these errors and making up the difference in the government returns, under the supervision of the Royal Canadian Mounted Police. The association felt that the cost of errors should fall fairly on the machine makers, and not the users.

HAD PIONEERED USE
Taxed with a possible abandonment of the use of betting machines under the cover of the assertion that their cost exceeded the terms he had outlined, Mr. Fox recalled that the present les-

see had been the first to introduce the machines in Canada, on the Colwood track, and affirmed a genuine desire to continue the system. If the question of cost could be satisfactorily settled, the sum of \$4,500 a year was being paid to the makers, in addition to heavy repair and upkeep bills through the use of highly complicated and delicate mechanism in the machines. At last period, continued Mr. Fox, the association had dropped between \$8,000 and \$9,000 on its venture.

OFFER \$20,000
"We are offering \$5,000 a year for the use of the machines, or \$60,000 in twelve years, and we see no reason why we should put up a further \$20,000 if we are going to be shot at afterwards by the company making the machines," said Mr. Fox. "We are ready to pay up to one-half of one per cent for their use, if the question of errors is adjusted, but we will not submit to being hammered into an unfair position."

In reply to further questions Mr. Fox said that there was now a Canadian machine in evidence, made by Mr. Curtis, a Victoria inventor, and that three or possibly four makes of machines were being promoted. The Australian machine was the only one at present authorized for use on Canadian tracks, he believed. The price paid for the use of the machines amounted to twenty-three per cent on a \$20,000 unit, he added, at \$4,000 a year.

WANTS MACHINES
Alderman Litchfield said he desired to see the concession remain with the Colwood Park Association; but also desired the use of automatic betting machines. The point of what type of machine was to be used could be left open, for negotiation in two years' time, he thought, when conditions in regard to racing machines might have become clarified. A board of arbitration could be used to settle any differences then arising.

The association could not risk its money now on such an indefinite plan, returned Mr. Fox. The association would be willing to adjust with the city the question of extra payments to the corporation if the machines had to be abandoned, added Mr. Fox. In reply to a question by Alderman Dewar, several weeks ago the city had called for tenders for the racing, without any reference to the use of machines, he reminded the council.

USE WAS PLEDGED
The city had received an offer of \$1,000 a day, or \$7,000 a race meet, for its track without the use of machines, said Alderman Mars. The use of the machines had been an integral part of the bargain with the Colwood Park Association, and should not now be departed from. It was no part of the city's business to use the machines should or should not assume in the way of costs of doing business, Alderman Cullen concurred.

The city was asking the association to risk \$20,000 at this time in the hope of settling the machine-betting problem in two years' time, when it appeared insoluble now, commented Alderman Woodward. Mr. Woodward challenged Alderman Mars's facts in regard to the \$7,000 offer. That offer, he said, had been on the basis of the tender making his own choice of racing dates, a point never conceded by the city.

The Australian company were said to be considering withdrawing their machines from Canadian tracks, said Alderman Straith, who suggested that two years in the future might bring radical changes in the situation and solve the problem of what type of machine should be used. He proposed the disputed clauses in the agreement be left to the two solicitors to adjust, to see if a wording agreeable to both could be reached. Alderman Feden concurred. The council accepted this course, and arranged to meet at 3:30 this afternoon to deal further with the issue.

Sooke

Miss Camp of the Royal Bank staff, Vancouver, has been a holiday visitor to Mr. and Mrs. Jensen, Hillside Cottage.

John Hoste and Miss Hoste, with son and daughter Jean, Mr. and Mrs. Hibbs of Victoria, spent the holiday at "Netherburn" Cottage, on the Murray waterfront. Visitors to the home of Mr. and Mrs. William, Sooke Road, over the holiday and week-end, were Mr. and Mrs. G. Richardson, Sooke Road.

H. A. Beckwith Is Named Musical Festival Head

Acting-president During Last Festival Elected to Chair Association Now in Excellent Shape; Steady Progress

H. A. Beckwith, acting-president of the Victoria Musical Festival Association for the last three months, and to whom a large part of the credit is due for the success of the recent festival, yesterday evening was elected president of the organization for the next twelve months.

The annual meeting of the body was held in the City Hall.

Mr. Beckwith succeeds the late George F. Watson, who was head of the association for two years prior to his death. As a token of esteem to its former president, the festival committee has provided a trophy for annual competition, known as the George F. Watson Cup.

The other officers for 1930-31 are: Vice-president, L. A. Gane; second vice-president, Mrs. W. H. Macdonald; third vice-president, C. Routley; recording secretary, Mrs. G. A. A. Hebdon; corresponding secretary, Miss E. J. Dunn; treasurer, P. A. Gibbs; directors for three-year terms: Capt. Ellis, W. H. Muncy, and J. Petrie; director for two-year term: Mrs. M. Hammond.

HARD WORKERS
Success of the last festival formed the feature of the acting-president's report, in which he said: "Many compliments have been paid to the association for the success of our 1929 festival, and I feel that this success must be very largely attributed to the efficient and faithful way in which various directors who were entrusted with heavy responsibilities carried out their share of the work. I should also like to mention the valuable work done by some of our members in Seattle and Vancouver."

"In addition to the directors, on whom probably the heaviest burden fell, we are greatly indebted to a large number of volunteer workers, who gave freely of their time and services. We are also very much indebted to the press for its valuable co-operation."

PROGRESSIVE MOVE

"This year an important step in the festival movement was taken, when all of the festivals in British Columbia united to form a British Columbia Federation of Musical Festivals for the purpose of bringing about greater co-operation between various festivals. A representative of the Victoria festival has attended each of the executive meetings of the federation, and valuable information has resulted. It is likely that we shall be asked to have a representative at the conference of western provincial festivals, which takes place in Edmonton, and I feel that it is desirable that we should be so represented, as this will tend to enlarge the scope of the western festival movement so as to include festivals such as ours, and so as to make it possible for us to take advantage of the services of the English adjudicators who come through each year. In regard to the latter proposal, there are many serious points to be considered, and I feel that it is desirable that a representative of our association should attend the conference rather than that arrangements should be attempted by correspondence. This will be a matter which will require the attention of the incoming board immediately."

Mr. Beckwith paid a tribute to the late president, he said, from the beginning of the festival movement in Victoria, and thoroughly realized how well he had filled the position he had occupied.

MANY MEETINGS HELD

Thirty meetings of the directorate were held during the year, according to the report of the recording secretary, Mrs. G. A. A. Hebdon. The average attendance was twelve.

In competitions for this year, twenty-five new classes had been added, making a total of ninety-nine. It was reported. Over 700 entries had been made for the festival as compared with 645 in 1929.

Results of the advertising competition between school children of grades 7, 8 and 9 had been very gratifying. It was stated.

Miss E. J. Dunn, corresponding secretary, reported 1,300 letters had been sent out to various choral societies and choirs and other associations for assistance in the festival. In this connection, Miss Dunn referred to the good offices of G. A. Bucklin, U.S. consul, and J. G. Brown, welcome committee chairman, in dispatching personal letters advertising the festival.

GOOD FINANCIAL STANDING

A favorable balance of \$375.55 on the financial end of the festival was shown by P. A. Gibbs, treasurer, who reported expenses of \$7,209.58 and receipts of \$7,685.53. In the expenditure column was the purchase of B.C. bonds to the amount of \$3,605.25, leaving the association a net balance of \$2,080.30. Before the close of the meeting, suggestions and criticisms were invited by the president, Mrs. Wilfred Ord expressed her own personal appreciation of the work of the festival committee. Many sacrifices had been made by its members in the cause of art, she said, and suggested the awarding of more medals.

Following a suggestion by Mrs. W. Clews, a resolution was carried recommending that certificates be provided in future for contributors gaining more than eighty marks.

Thanks to the City Council for the use of the chamber as a meeting place, and to the retiring officers of the association for their services, were extended in a formal resolution.

COAL FREIGHT RATE PERIOD IS EXTENDED

Alberta Shipments to Ontario at Low Figure Till July 15, 1931

Edmonton, May 29.—Coal men are pleased with the announcement that the Federal government has granted an extension of the period of special freight rates on coal shipments from Alberta to Ontario. Official word of the extension was given in a telegram received here by Howard Stutchbury, Alberta trade commissioner, yesterday.

By GEORGE HAMBLETON

Canadian Press Staff Correspondent
London, May 29.—"It is time we had a declaration of independence from the United States," Rt. Hon. L. C. M. S. Amery, former Secretary of State for the Dominions, used these words in a plea which he voiced last night at a banquet of the Empire Chambers of Commerce here on behalf of the development of Empire markets.

Mr. Amery was convinced economic unity was the Empire's most urgent need. Everywhere the Empire had to face the problem of markets. Markets were the one unsolved factor which stood between boundless possibilities for development and a slow, tedious progress toward achievement.

"Everywhere we are limited, cramped, hampered, held back by the unsolved problem of markets," he said.

POSITION OF U.S.

The former Conservative Secretary compared the British and Canadian purchases from the United States with the much smaller volume of United States purchases from Canada and Great Britain, saying that at this rate of exchange the Empire was rapidly going backward. He urged trade agreements should definitely be taken outside the sphere and fluctuations of everyday party politics.

The economic unity of the Empire, however, could not be established without breaking away from an economic system which avowedly had as its purpose the breaking up of the Empire, he said.

Mr. Amery then proposed the toast of Empire economic unity, coupling with the toast the name of J. H. Woods of Calgary, president of the Canadian Chamber of Commerce.

STRENGTH IN EMPIRE

Mr. Woods, in his reply, noted that in trade lay the vitality of the Empire and its position and strength among the nations. He spoke of Canada's geographical position alongside the United States and of various attempts made in one way or another to induce or make Canada become a part of the United States. To-day as never before, the door was open to Canada. But no Canadian political party or politician believed other than that Canada should remain Canada and a part of the British Empire.

"Your fate and destiny," declared Mr. Woods, "are bound up with that of our brothers across the sea."

The Dominions, said the president of the Canadian Chambers of Commerce, approached the subject of Empire trade with no desire to dictate to Britain or to one another.

"Our policies are our own," he said. "Our decisions are our own. Both rights and responsibilities rest on our shoulders. But this land of Britain is our leader and to this land we look for leadership. As we fought for the Empire in war with cannon, I hope we shall fight for it with tariffs in peace."

FULL FREEDOM

Lord Passfield, Secretary of State for the Dominions, suggested the Empire trade slogan should be: "Voluntary co-operation and unrestricted freedom." The British Commonwealth of Nations could not, and should not, be maintained by the injury of any single part.

"It would be a precarious thing for the commonwealth," concluded Lord Passfield, "if any trade steps were taken which would result in increasing the cost of living for the poor."

TARIFF CHANGES ARE APPROVED

Ottawa, May 29.—Final approval of the Dunning budget was recorded by the House of Commons yesterday when the act amending the customs tariff and incorporating in it the changes proposed in the budget received third reading.

Mr. Stutchbury pointed out that the provincial government, the Canadian coal committee, the Empire Canada Fuel Association and other bodies had been pressing for the extension for some time. It had been felt this should be granted to give adequate time for the cost figures of the three-year period to be thoroughly studied.

Tub Frocks of Summertime Fabrics

Priced So As to Make Each a Bargain

Maids' Uniforms

Correct Attire in Great Selection

Maids' Dresses of tricolour, in blue, grey and plum shades. Made with fitted waist-line and white collar and cuffs... \$4.75

TO-DAY'S GRAIN MARKETS

(By Branson, Brown & Co. Limited)

Winnipeg, May 29.—Wheat: Prices were fractionally lower at the start this morning but gradually firmed up, reaching 1 cent higher than the previous close. Export business overnight was practically nil, but there was intermittent buying of July and October futures for eastern account which held the market firm.

There was very little selling except on the bulge and trade generally was not large. The final action of the market was similar to that of yesterday, easing off in the last fifteen minutes. The pool sold a little wheat to day on the bulge, but the volume was much smaller than they put out yesterday.

The cash wheat demand was very quiet, with bids unchanged to 1/4 lower. Large holders are not pressing sales and buyers are taking only the odd cars and small lots. Millers reported flour trade very dull in all branches.

Advisors from the southwest continued unfavorable, indicating a lowering of prospects in some sections where decided improvement had been looked for. This did not stir up much buying but had the effect of checking any short selling. Some unfavorable reports received from western Canada, indicating damage from high winds and soil drifting.

Rains were reported as being general over Alberta to-day.

Foreign news was about a standoff, but it appears to be conceded that Italy, France and Spain will have only a very slight chance of winning the 1932 figure to be reduced about 100,000,000 bushels easily, while the United States winter wheat crop is more than likely to be 100,000,000 bushels less than a year ago.

There were reports that the pool had sold a large quantity of wheat abroad at sacrifice prices. Chicago May closed 1 cent lower, shorts apparently having no trouble in filling requirements. Winnipeg futures closed 1/4 to 1/2 higher.

Coarse grains: There is a very small domestic trade passing in the coarse grains while export sales continue active. Futures are quiet with little going on. Oats, 1/4 to 1/2 lower; barley, 1/4 lower; and rye, 1/4 to 1/2 lower, in the nearby months.

Flax: Somewhat easier, closing 2 1/2 to 4 cents lower. Dull and no feature.

Dorothy Dix's Letter Box

Why Is It a Dangerous Practice for Parents to Refuse to Let Their Daughters Have Dates. Sad Fate of Men Who Don't Keep Their Figures

DEAR MISS DIX—I am a young girl and, of course, I want to have dates and go to parties and have good times, as all the other girls do. But my parents absolutely refuse to let me go with a boy or have one come to the house. They tell me that I must wait until I am through college even to think of boys, and I won't be through college until I am twenty-three. Think of that, Miss Dix.

Of course, I go with boys on the sly. I steal out and keep dates with them, and there is one whom I think I am in love with, and he wants me to elope with him, but I am not sure if I really care for him. Oh, I hate to do underhanded things and deceive my parents, but what else can I do? I've got to have some youth.

BETTY.

Answer.—This letter is typical of hundreds of letters that come to me from girls all over the country who are being driven into doing foolish things and wrong things and often mad things that wreck their lives by parents who shut their eyes and refuse to see that their daughters have grown up and are women, with the natural desires and instincts of women.

Father and mother cannot bear to think of Betty as anything but a mere infant, who is satisfied with their company and asks no other amusement than for them to take her by the hand for a nice walk or perhaps a ride in the family car with little brother and sister. Of course, after a while, they suppose she will grow up and want to step out a bit and have beaux and perhaps get married, but that will be a long, long time. Some thirty or forty or fifty years hence.

These benighted parents do not mean to be unkind or tyrannical. They simply won't allow themselves to see that the miracle has happened. That Betty has turned from a child into a woman and that, like every other girl in the world, she craves the pleasure that belongs to her time of life. She wants to have dates. She wants to have boy friends. She wants to dance and have all the innocent, silly good times that the other youngsters are having.

And what's more, she is going to have them. Honestly and above board if she can. Secretly and under cover if she is forced to. She will meet boys decently and properly if her parents permit. She will pick them up on the street if they don't. Her father and mother can know the boys she is associating with and where she goes if they make it so she can confide in them, or she will lie to them and go to God knows where, with God knows whom.

The parents who think that they can keep their Betties from knowing boys by refusing to let any body come to the house or by issuing orders against Betty's having anything to do with boys, simply defeat themselves. If they think they are obeyed. There never was a girl yet who couldn't outwit father and mother, and there are mighty few girls who won't climb out of a window to meet a boy if mother locks the door on them.

So the matter becomes one of expediency. The girl is going to have dates. She is going to know boys. And the most elementary common sense suggests that the wisest thing for the parents to do is to accept the situation and make the best of it. Also to realize that the girl is within her rights.

Certainly there is every argument in favor of parents permitting their daughters to receive their men callers at home. It gives the girl a background that is of inestimable value as a protection to her. No boy treats the girl whom he visits in her own home and whose father and mother he knows as he does the girl who sneaks out to keep dates with him and whom he picks up at the corner drug store.

And it gives the father and mother a chance to know the boys their daughters are going with. Some one of these boys whom Betty is playing about with will eventually marry and how is father going to know which one of them will make her a suitable husband if he does not even know their names? Many a tragic marriage could have been avoided if father had been human and reasonable about Betty's boy friends, and if he had warned her away from the ones who were rotters.

Furthermore, it is folly to talk about a girl never having any dates until she is twenty-three years old and through college. If she hasn't had any before then, she will never have any, because she will not know how to attract or handle men. She will be man-conscious and either too eager or too reserved. The most boy-crazy girls in the world are those who have never been permitted to have dates when they were young.

So, wake up, parents, and realize before it is too late that your girls have a right to their dates and their good times and that it is up to you whether they take these innocently and harmlessly or in devious ways that are full of danger.

DOROTHY DIX.

DEAR MISS DIX—I am engaged to a man with whom I am much in love, but he has become so careless about his dress and appearance that I am becoming disgusted with him. He is only twenty-four years old and there is no reason why he should be getting fat and developing a big belly. He could diet and stop going around so sloppy, but he won't do it. And he could keep himself neat and tidy and he is getting sloppy. My ideal man has always been tall and slender and snappy-looking in appearance, so I can't bear to see my future husband getting stout and careless about his clothes. What can I do about it?

S. R. E.

Answer.—Hark! So the worm has turned at last. And the shoe is getting on the other foot, etc., etc.

For years and years and years and years no man has loved a fat woman, and in order to make themselves attractive to men and to retain the affections of their sweethearts and their husbands women have been counting their calories and passing up chocolate creams and cakes and pies and the nice gooey desserts and rich mayonnaises for which their very souls panted, because well they knew that they would find no favor in masculine eyes when they developed a waistline and acquired a succession of chins.

But no man has ever thought it worth while to go on a starvation diet in order to keep his boyish figure, so that he might still look like a hero of his girl's dreams to his sweetheart or his wife. He has felt that she couldn't help but love and admire him, no matter how portly he got, so he has dug into the food trough and let the fat fall where it may.

And no woman who has really wanted to catch a man or to keep him after she caught him has dared to let her hair get limp or take off her complexion or appear before him except when she was all dolled up, for well she knew that he would turn his eyes away from her to some Jane who looked like a daily hint from Paris. But men have been under the conviction that they were ravishing objects to a woman's gaze even with a three day's beard upon their faces, and when they were sitting around in their stocking feet and minus their collars.

So, somehow, it is comforting to learn that if men expect women to keep in love with them they have got to diet and keep their figures and under study the young demigods in the ready-made clothing advertisements. Misery certainly does love company.

DOROTHY DIX.

DEAR MISS DIX—I am expecting my baby in June. I have only been married fourteen months, but in that time my husband has gotten mixed up in several disgraceful affairs. One with women. He also has stolen a lot of money from the concern he is working for. He nearly starved me and has now left me. I have gone back to my people, who are taking care of me, but I love him dearly in spite of all, and the question is, shall I go back to him? Don't you think I should do it for my baby's sake? I hate to deprive it of a father's influence.

POOR X.

Answer.—What can you promise yourself in the way of peace or happiness if you go back to live with that sort of man? The only wise thing is to put him out of your thoughts and make your life over without him. The child will be far better off with no father than with one who is dishonest and who has apparently no moral principles whatever.

DOROTHY DIX.

Brentwood

A silver tea and sale of work was held at the Institute Hall, Brentwood, on Wednesday afternoon, in aid of St. Joseph's and St. Mary's. Mrs. W. R. Farr of St. Newton was hostess. The tea tables were decorated with spring flowers and the stalls did a brisk trade. Those in charge were: Needlework, Mrs. Blissett and Miss Lyle; home-produce, Mrs. Gale and Mrs. Hughes; candy, Mrs. Wallace and Mrs. Atkins. Mr. O'Neil, principal of the

West Saanich School, won a tea set, drawn for during the tea hour. Mr. and Mrs. C. Atkins spent the holidays with Mr. and Mrs. Overton in Victoria. Mr. and Mrs. Savage and Mr. and Mrs. Thomson and family of Burnaby were the guests of Mr. and Mrs. W. R. Farr of St. Newton. The week-end at their summer cottage, Marchant Road. Mr. and Mrs. Wilbur and family spent the holidays at their summer cottage, Marchant Road. Mr. and Mrs. Lubbe spent the week-end at their summer beach home.

Speed Rhubarb

To make a de luxe dish of the lowly rhubarb, when cooking it add a

dash of cinnamon, a clove or two and the grated peel of one orange. Red cinnamon drops, used instead of cinnamon, give it a beautiful hue.

BEAUTIFUL FLOAT DEPICTS CITY'S GLORIOUS CHARM

David Spencer Limited won first prize with this fine display in the May 24 parade last Saturday morning. As the legend shows the float portrays Victoria's claim as the Garden City of the Dominion.

Sidney to Have New Building

Sidney, May 29.—Replacing the service station on Beacon Avenue, which was destroyed by fire last November, a new building is being erected by A. Berquist, with a frontage on Beacon Avenue of thirty-six feet and a depth of seventy-two feet.

The premises will have a circular driveway, with the filling station at the entrance, and will be of substantial construction, with a full-sized concrete floor. The new service station will be known as Ashley's Garage, with Jack Ashley as manager.

George Lloyd of Union Bay is spending a few days renewing old acquaintances in Sidney.

Mr. and Mrs. R. Edge of Vancouver spent the week-end here and were the guests of their daughter and son-in-law, Mr. and Mrs. E. W. Cowell, Third Street.

Mr. and Mrs. J. P. Blumstein, Third Street, left this week to reside at Fairfield Harbor.

VICTORIA BAKERY IN BIG MERGER

Flour Mills Gain Direct Control of Chain of Leading Bread Concerns of West

Sponsored by Lake of the Woods, one of Canada's oldest and largest flour milling companies, nine bakery companies operating in the principal cities throughout western Canada have been consolidated.

The new company will be called Inter-City Western Baking Limited and will include Speers-Parnell Baking Company Limited of Winnipeg, Crown Bakery Limited of Regina, Clifton Bakery Limited of Moose Jaw, Saskatchewan Baking Company of Saskatoon, Medicine Hat Baking Company of Medicine Hat, Golden West Bakery of Calgary, Cowan-Dodson Bakeries of Vancouver and Seattle & Taylor Limited of Victoria.

The new company's capitalization will consist of \$1,500,000 first mortgage six and one-half per cent bonds, \$300,000, par value six per cent. Cumulative convertible preferred stock and 150,000 shares of no par value common stock. It is understood that the preferred stock is being issued at par to the original owners of the constituent baking companies in respect of part of the purchase price, and that the control represented by over eighty-eight per cent of the common stock will be owned by Lake of the Woods Milling Company, which stock represents a very substantial cash investment by them.

VISITING MAYOR PRAISES CITY

Mayor George Troup of Wellington, New Zealand, Delighted With Victoria

"Victoria is the most wonderful city of any city in the world of the same population," Mayor George Troup of Wellington, New Zealand, told the City Council yesterday afternoon when he sat as a guest in the council chamber during a discussion of the Willows area.

"With its noble edifices, its magnificent scenery, and its admirable climate, I know of no city in the world of similar size that can compare with this," continued Mayor Troup. "I felt, in coming here, that I was stepping

CHORAL GROUP COMPLIMENTED ON RENDERING

Fairfield Society Receives High Praise For Sunday Presentation

Hearty congratulations have been received from all sides by the Fairfield Choral Society, under Major Harry Watts, and other groups who appeared in the open air concert at Mount Tolmie Sunday, upon the excellence of the presentation. Impressive and excellent in quality, the various renderings left a deep impression on the many who attended.

In addition to the Fairfield choir, a male choir under J. W. Buckler and a professional string quartette under Harold Davis aided in the programme. The address by Dr. Clem Davis on "The World's Desire" also had an unusual effect as a fitting peace topic for the closing of Victoria Day celebration.

Mrs. L. P. James gave a fine rendition of the "Inflammatus" from Rossini's "Stabat Mater," the chorus giving support for this poignant verse of a most beautiful hymn. Miss Joe Charlebois rendered the Bach-Gounod "Ave Maria" with a sincerity echoed in all hearts. This delightful vocalist also took the obligation in the chorus, "The Marvelous Work" from Haydn's "Creation."

The male chorus under Mr. Buckler's direction gave the "Bye of Thanks-giving" with a wonderful dynamic effect. The communal singing of the great multitude present was conducted by Mr. Davis, who is the associate director of the society, Masters Miller and MacKenzie lent the aid of their cornets to lead the hymns. Albert Sullivan, in "Thanks Be to God," ably voiced a gratitude felt by all who heard him.

Mr. Jacques struck a grave note in his ably presented "Watchman, What of the Night?" creating an atmosphere for a number introduced by the veteran soldier, Major Watts, who conducted the Fairfield Choral Society. This consisted of a summons to "Starry" the stentorian tones of that gallant soldier, Col. Cy Peck, V.C., M.P.P., sending a thrill through every returned man's heart. A never-to-be-forgotten picture was presented, the distinguished soldier standing bareheaded on the crown of the hill in all-outlined outline against the sky with the trumpet, Sgt. Drysdale, at his side in full regiments of the 16th Canadian Scottish. Sgt. Drysdale sounded the "Last Post," and the choir reverently sang Bridges' "Crossing the Bar" (unaccompanied).

The chorus formed a splendid environment for Mr. Davis's address of steadily deteriorating in morale. He believed improvements should be brought about by encouraging the aborigines in their agricultural pursuits. Instead of Indians becoming more self-reliant they were becoming more dependent, he asserted.

HEADACHES

Rheumatism Neuralgia Lumbago Neuritis

YOU can't always stop work and give-in to a headache, but you can always get relief from such suffering! A tablet or two of Aspirin will ease an aching head every time. Perfectly harmless; prescribed by thousands of doctors. An effective antidote for pain, taken by millions of men and women whenever they've a cold, headache; neuralgia or neuritis; rheumatism, lumbago, sore joints, etc. Read the proven directions that come with Aspirin and realize how much suffering these tablets can spare you. Aspirin has medical endorsement. It doesn't depress the heart. You know what you are taking. The box bears the word genuine in red.

TRADE MARK REG. ASPIRIN

Peace. No horrific picture of the terrors of war, no condemnation of executives or nations was given by the speaker. There was just a quiet assurance that peace was possible. Quiescence or acquiescence was not all that was necessary. Action must ensue or world peace would never be. Using an illustration, Mr. Davis pointed out that harmony was obtained not by all that harmony in the direction of the batons of Messrs. Buckler, Davis and Watts their efforts were no longer cacophonous but harmonious, united not only in will but in procedure.

The string quartette, which gave splendid aid was as follows: Francis Gratton, first violin; Horace Plimley, second violin; Harold Taylor, cello, and J. Sullivan, contra-bass.
